CRH plc**

(incorporated with limited liability in Ireland with registered number 12965)

Under this €5,000,000,000 Euro Medium Term Note Programme (the **Programme**), CRH Finance Limited (an **Issuer** or **CRH Finance**), CRH Finance (U.K.) plc (an **Issuer** or **CRH Finance UK**), CRH Funding B.V. (an **Issuer** or **CRH Funding B.V.**), CRH Finance Germany GmbH (an **Issuer** or **CRH Germany**), CRH Finance SAS (an **Issuer** or **CRH Finance SAS**), CRH Finland Services Oyj (an **Issuer** or **CRH Finland**) and CRH Finance Switzerland AG (an **Issuer** or **CRH Switzerland**) (together, the **Issuers**) may from time to time issue notes (the **Notes**) denominated in any currency agreed between the relevant Issuer and the relevant Dealer (as defined below).

The payments of all amounts due in respect of the Notes will be unconditionally and irrevocably guaranteed by CRH plc (the **Guarantor** or **CRH**).

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €5,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "Overview of the Programme" and any additional Dealer appointed under the Programme from time to time by the relevant Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the relevant Dealer shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "Risk Factors".

The Base Prospectus has been approved by the Central Bank of Ireland (the **Central Bank**) as competent authority under Directive 2003/71/EC (the **Prospectus Directive**). The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Application will be made to the Irish Stock Exchange for the Notes issued under the Programme within 12 months of this Base Prospectus to be admitted to the official list (the **Official List**) and trading on its regulated market (the **Main Securities Market**). The Main Securities Market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC). Such approval relates only to the Notes which are to be admitted to trading on the regulated market of the Irish Stock Exchange or other regulated markets for the purposes of Directive 2004/39/EC or which are to be offered to the public in any Member State of the European Economic Area. Application may be made to list Swiss Notes issued under the Programme on the SIX Swiss Exchange AG (the **SIX Swiss Exchange**). The Central Bank is not the competent authority to approve this document in relation to the Swiss Notes (as defined herein). Notes which are neither listed nor admitted to trading may also be issued.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under "Terms and Conditions of the Notes") of Notes will be set out in a final terms document (the **Final Terms**) which, with respect to Notes to be listed on the Irish Stock Exchange will be filed with the Central Bank or, in respect of Notes to be listed on the SIX Swiss Exchange, will be filed with the SIX Swiss Exchange.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the relevant Issuer and the Guarantor and the relevant Dealer. The relevant Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Programme has been rated BBB+ by Standard and Poor's Credit Market Services Europe Limited (**Standard & Poor's**) and Baa2 by Moody's Deutschland GmbH (**Moody's**). Each of Standard and Poor's and Moody's is established in the European Union and is registered under the Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such, each of Standard and Poor's and Moody's is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated by a rating agency. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by Standard and Poor's or Moody's. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuers, the Guarantor, the Dealers and the Trustee do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuers, the Guarantor, the Dealers or the Trustee which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including the United Kingdom, Ireland, The Netherlands, France and Finland), Japan, Hong Kong, the PRC (as defined below) and Switzerland, see "*Subscription and Sale*".

This Base Prospectus has been prepared on a basis that would permit an offer of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) only in circumstances where there is an exemption from the obligation under the Prospectus Directive to publish a prospectus. As a result, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State) must be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer of Notes in that Relevant Member State may only do so in circumstances in which no obligation arises for the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the relevant Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the **Securities Act**) and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see "*Subscription and Sale*").

Rating: The Programme has been rated BBB+ by Standard and Poor's and Baa2 by Moody's. Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will be disclosed in the applicable Final Terms and will not necessarily be the same as the rating assigned to the Programme. Listing and admission to trading: The Base Prospectus has been approved by the Central Bank as competent authority under the Prospectus Directive. Notes may be listed or admitted to trading, as the case may be, on other or

further stock exchanges or markets agreed between the relevant Issuer and the relevant Dealer in relation to the Series. Notes which are neither listed nor admitted to trading on any market may also be issued, if so specified in the applicable Final Terms.

The applicable Final Terms will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

Governing Law:

The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and shall be construed in accordance with, English law.

Selling Restrictions:

There are restrictions on the offer, sale and transfer of the Notes in the United States, the European Economic Area (including the United Kingdom, Ireland, The Netherlands, France and Finland), Japan, Hong Kong, the PRC and Switzerland and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes, see "*Subscription and Sale*".

RISK FACTORS

In purchasing Notes, investors assume the risk that the relevant Issuer and the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the relevant Issuer and the Guarantor becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the relevant Issuer and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the relevant Issuer's and the Guarantor's control. The relevant Issuer and the Guarantor have identified in this Base Prospectus a number of factors which could materially adversely affect their businesses and ability to make payments due under the Notes.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Factors that may affect the Issuers' ability to fulfil their obligations under Notes issued under the Programme

CRH Finance, CRH Finance UK, CRH Funding B.V., CRH Germany, CRH Finance SAS, CRH Finland and CRH Switzerland and their business.

Each of CRH Finance, CRH Finance UK, CRH Funding B.V., CRH Germany, CRH Finance SAS, CRH Finland and CRH Switzerland are finance entities whose only business is or will be to act as a finance subsidiary of CRH which may include lending the proceeds of any funding undertaken by it to CRH and/or to other members of the Group (as defined in the Conditions of the Notes) and equity contributions to other members of the Group. CRH Finance has an investment in a partnership which is a wholly owned subsidiary of the Group. CRH Finance UK, CRH Funding B.V., CRH Germany, CRH Finance SAS, CRH Finland and CRH Switzerland have no assets other than the amount representing the proceeds of their issued and paid-up share capital, fees (if any) payable to them in connection with any funding undertaken or entry into other obligations from time to time and any investment or on-loan made by them of the proceeds of any funding undertaken to CRH and/or to other members of the Group. Therefore, each of CRH Finance, CRH Finance UK, CRH Funding B.V., CRH Germany, CRH Finance SAS, CRH Finland and CRH Switzerland is subject to all risks to which CRH or other members of the Group to whom these loans are made are subject, to the extent that such risks could limit CRH's or such other member of the Group's ability to satisfy in full and on a timely basis its obligations under such loan. There is also a risk that any investments or equity contributions made by CRH Finance, CRH Finance UK, CRH Funding B.V., CRH Germany, CRH Finance SAS, CRH Finland or CRH Switzerland with the proceeds of any Notes may not generate sufficient returns to satisfy the relevant Issuer's obligations under the Notes.

Factors that may affect the Guarantor's ability to fulfil its obligations under the Guarantee and, given each Issuer's dependence on the Guarantor, such Issuer's ability to meet its obligations under the Notes issued by it.

The Group operates in the cyclical industries. The level of construction activity in local and national markets is inherently cyclical being influenced by a wide variety of factors including global and national economic circumstances, ongoing austerity programmes in the developed world, governments' ability to fund infrastructure projects, consumer sentiment and weather conditions. The Group's financial performance may also be negatively impacted by unfavourable swings in fuel and

other commodity/raw material prices. The adequacy and timeliness of management's response to unfavourable events are of critical importance.

The Group's operating and financial performance is influenced by general economic conditions and the state of the residential, industrial and commercial and infrastructural construction markets in the countries in which it operates, particularly the European Union and North America.

In general, economic uncertainty exacerbates negative trends in construction activity leading to postponement in orders. Construction markets are cyclical and are affected by many factors that are beyond the Group's control, including:

- the price of fuel and principal energy-related raw materials such as bitumen and steel (which in 2012, accounted for approximately 9 per cent. of annual Group sales revenues);
- the performance of national economies in the 35 countries in which CRH operates;
- monetary policies in the countries in which CRH operates – for example, an increase in interest rates typically reduces the volume of mortgage borrowings thus impacting residential construction activity;
- the allocation of government funding for public infrastructure programmes, such as the development of highways in the United States under the Moving Ahead for Progress in the 21st Century Act (MAP-21); and
- the level of demand for construction materials and services with sustained adverse weather conditions leading to potential disruptions or curtailments in outdoor construction activity.

A continuation of or deterioration in the current global economic conditions may result in further general reductions in construction activity. Against this backdrop, the adequacy and timeliness of the actions taken by CRH's management team are of critical importance in maintaining financial performance at appropriate levels. Each of the above factors could have a material adverse effect on the Group's operating results and the market price of CRH's securities.

As an international business, CRH operates in many countries with differing, and in some cases potentially fast-changing, economic, social and political conditions. Changes in these conditions or in the governmental and regulatory requirements in any of the countries in which CRH operates, and in particular in developing markets, may adversely affect CRH's business thus leading to possible impairment of financial performance and/or restrictions on future growth opportunities.

The adverse developments in Eurozone economic performance and financial markets in recent years, together with the fiscal and budgetary difficulties in the United States and ongoing austerity programmes in the developed world, have contributed to heightened global economic uncertainty. Whilst various actions have been taken by the European Commission, the European Central Bank, the International Monetary Fund, the United States government and other parties to address the likely effects on the real economies of the relevant countries and their trading partners, the success of these endeavours cannot be guaranteed.

CRH operates mainly in Western Europe and North America as well as, to a lesser degree, in developing countries/emerging markets in Eastern Europe, South America, Turkey, China and India. The economies of these countries are at diverse stages of socioeconomic and macroeconomic development which could give rise to a number of risks, uncertainties and challenges; these would include the following:

- changes in political, social or economic conditions;

- trade protection measures and import or export licensing requirements;
- potentially negative consequences from changes in tax laws;
- labour practices and differing labour regulations;
- ethical procurement;
- unexpected changes in regulatory requirements; and
- state-imposed restrictions on repatriation of funds.

CRH faces strong volume and price competition across its product lines. Given the commodity nature of many of its products, market share, and thus financial performance, will decline if CRH fails to compete successfully.

The competitive environment in which the Group operates can be significantly impacted by general economic conditions in combination with local factors including the number of competitors, the degree of utilisation of production capacity and the specifics of product demand. Across the multitude of largely local markets in which the Group conducts business, downward pricing pressure is experienced from time to time and the Group may not always be in a position to recover increased operating expenses (caused by factors such as increased fuel and raw material prices) through higher selling prices.

A number of the products sold by CRH (both those manufactured internally and those distributed) compete with other building products that do not feature in CRH's product range. Any significant replacement of the Group's products by substitute products, which CRH does not produce or distribute, could adversely impact market share and results of operations in these markets. Against this backdrop, if CRH fails to generate a competitive advantage through differentiation across the supply chain (for example through superior product quality, engendering customer loyalty or excellence in logistics), market share, and thus financial performance, may decline.

Growth through acquisition is a key element of CRH's strategy. CRH may not be able to continue to grow as contemplated in its business plan if it is unable to identify attractive targets (including potential new platforms for growth), execute full and proper due diligence, raise funds on acceptable terms, complete such acquisition transactions, integrate the operations of the acquired businesses and realise anticipated levels of profitability and cash flows.

The Group's acquisition strategy focuses on value-enhancing mid-sized acquisitions supplemented from time to time by larger strategic acquisitions into new markets or new building products, for example. As a result of the challenging trading backdrop to many of CRH's businesses since the onset of the financial crisis and the ensuing global economic downturn, management's focus continues to be limited to acquisition opportunities that offer compelling value and exceptional strategic fit.

The realisation of CRH's acquisition strategy is dependent on the ability to identify and acquire suitable assets at appropriate prices thus satisfying the stringent cash flow and return on investment criteria underpinning such activity. CRH may not be able to identify such companies and, even if identified, may not be able to acquire them given a variety of factors including the outcome of due diligence processes, the ability to raise funds (as required) on acceptable terms, the need for competition authority approval in certain instances and competition for transactions from peers and other entities exploring acquisition opportunities in the building materials sector. The Group's ability to realise the expected benefits from acquisition activity depends, in large part, on its ability to integrate newly-acquired businesses in a timely and effective manner. Even if CRH is able to acquire suitable companies, it still may not be able to incorporate them successfully into its legacy business and,

accordingly, may be deprived of the expected benefits thus leading to potential dissipation and diversion of Group management resources.

CRH does not have a controlling interest in certain businesses (i.e. joint ventures and associates) in which it has invested and may invest; the greater complexity inherent in these arrangements accompanied by the need for proactive relationship management may restrict the Group's ability to generate adequate returns and to develop and grow its business.

Given the absence of control in associates and, to a lesser extent, joint ventures, important decisions such as the approval of business plans and the timing and amount of cash distributions and capital expenditure, for example, may require the consent of CRH's partners or may be approved without CRH's consent (despite provisions in the purchase contract). These limitations could impair CRH's ability to effectively manage and/or realise its strategic goals for these businesses.

Existing processes to recruit, develop and retain talented individuals and promote their mobility within a decentralised Group may be inadequate thus giving rise to difficulties in succession planning and potentially impeding the continued realisation of the Group's core strategy of performance and growth.

The identification and subsequent assessment, management, development and deployment of talented individuals is of major importance in continuing to deliver on CRH's core strategy of performance and growth and in ensuring that succession planning objectives for key executive roles throughout CRH's international operations are satisfied. In recognition of these requirements, the human resource management framework focuses on the operation of integrated and targeted programmes of performance management, leadership development (including international assignments, where appropriate), coaching and mentoring inter alia; the appropriateness of these programmes is reviewed on a regular basis to ensure that they mirror best practices.

As a listed company, CRH undertakes regular communication with its stakeholders. Given that these communications may contain forward-looking statements, which by their nature involve uncertainty, actual results and developments may differ from those communicated due to a variety of external and internal factors giving rise to reputational risk.

CRH places great emphasis on timely and relevant corporate communications with overall responsibility for these matters being vested in the senior management at the Group head office (largely the chief executive, the chief operating officer and the finance director) supported by the corporate communications and the investor relations functions and by purposeful engagement with highly experienced external advisors, where appropriate. The strategic, operational and financial performance of the Group and of its constituent entities is reported to the board of directors of CRH on a monthly basis with all results announcements and other externally-issued documentation being discussed at the board of directors and/or the audit committee of CRH, as appropriate, prior to release.

CRH is subject to stringent and evolving laws, regulations, standards and best practices in the area of corporate social responsibility (comprising corporate governance, environmental management and climate change (specifically capping of emissions), health and safety management and social performance) which may give rise to increased ongoing remediation and/or other compliance costs and may adversely affect the Group's reported results and financial condition.

CRH is subject to a broad and increasingly stringent range of existing and evolving governance, environmental, health and safety and other laws, regulations, standards and best practices in each of the jurisdictions in which the Group operates giving rise to significant compliance costs, potential legal liability exposure and potential limitations on the development of the Group's operations. These laws, regulations, standards and best practices relate to, amongst other things, climate change, noise,

emissions to air, water and soil, the use and handling of hazardous materials and waste disposal practices. Given the above, the risk of increased environmental and other compliance costs and unplanned capital expenditure is inherent in CRH's business and the impact of future developments in these respects on the Group's activities, products, operations, profitability and cash flow cannot be estimated; there can therefore be no assurance that material liabilities and costs will not be incurred in the future.

Environmental and health and safety and other laws, regulations and standards may expose CRH to the risk of substantial costs and liabilities, including liabilities associated with assets that have been sold and activities that have been discontinued. In addition, many of CRH's manufacturing sites have a history of industrial use and, while CRH applies strict environmental operating standards and undertakes extensive environmental due diligence in relation to acquisitions, some soil and groundwater contamination has occurred in the past at a limited number of sites, however, the associated remediation costs incurred to date have not been material. Despite CRH's policy and efforts to comply with all applicable environmental laws, CRH may face remediation liabilities and legal proceedings concerning environmental matters.

Based on information currently available, CRH has budgeted capital and revenue expenditures for environmental improvement projects and has established reserves for known environmental remediation liabilities that are probable and reasonably capable of estimation. These figures are not material in the context of CRH. However, CRH cannot predict environmental matters with certainty, and budgeted amounts and established reserves may not be adequate for all purposes. In addition, the development or discovery of new facts, events, circumstances or conditions, including future decisions to close plants, which may trigger remediation liabilities, and other developments such as changes in law or increasingly strict enforcement by governmental authorities, could result in increased costs and liabilities or prevent or restrict some of the Group's operations, which in turn could have a material adverse effect on CRH's reputation, business, results of operations and overall financial condition.

CRH is subject to many laws and regulations (both local and international) including those relating to competition law, corruption and fraud, in jurisdictions in which it operates and is thus exposed to changes in those laws and regulations and to the outcome of any investigations conducted by governmental, international and other regulatory authorities, which may result in the imposition of fines and/or sanctions for noncompliance and may damage the Group's reputation.

CRH is subject to various statutes, regulations and laws applicable to businesses generally in the countries and markets in which it operates. These include statutes, regulations and laws affecting land usage, zoning, labour and employment practices, competition, financial reporting, taxation, anti-bribery, anti-corruption, governance and other matters. CRH mandates that its employees comply with its code of business conduct which stipulates best practice in relation to regulatory matters. However, CRH cannot guarantee that its operating units will at all times be successful in complying with all demands of regulatory agencies in a manner which will not materially adversely affect its business, financial condition or results of operations.

CRH uses financial instruments throughout its businesses giving rise to interest rate, foreign currency, credit/counterparty and liquidity risks. A downgrade of CRH's credit ratings may give rise to increases in funding costs in respect of future debt and may impair the Group's ability to raise funds on acceptable terms. In addition, against the backdrop of the heightened uncertainties, in particular in the Eurozone, insolvency of the financial institutions with which CRH conducts business (or a downgrade in their credit ratings) may lead to losses in CRH's liquid investments, derivative assets and cash and cash equivalents balances or render it more difficult either to utilise the Group's existing debt capacity or otherwise obtain financing for the Group's operations.

CRH has incurred and will continue to incur significant amounts of debt in order to finance its business and ongoing acquisition programme. As at 31 December 2012, CRH had outstanding net indebtedness of euro 3.0 billion (2011: euro 3.5 billion). A significant portion of the cash generated from operational activity is dedicated to the payment of principal and interest on indebtedness and is not available for other purposes. If CRH's earnings were to decline significantly, difficulties may be experienced in servicing its debt instruments. In addition, in raising debt, CRH has entered into certain financing agreements containing restrictive covenants requiring CRH to maintain a certain minimum interest cover ratio and a certain minimum net worth and placing a maximum limit on the ratio of net debt to net worth. These restrictions may limit CRH's flexibility in planning for and reacting to competitive pressures and changes in business, industry and general economic conditions and may limit its ability to undertake acquisition activity and capitalise on other business opportunities.

CRH is exposed to movements in interest rates which affect the amount of interest paid on floating rate borrowings and the return generated on its cash investments. As at 31 December 2012, 109 per cent. (2011: 70 per cent.) of CRH's net debt was at fixed interest rates.

Any material deterioration in CRH's existing credit ratings may significantly reduce its access to the debt markets and result in increased interest rates on future debt. A downgrade in CRH's credit ratings may result from factors specific to CRH or from other factors such as general economic weakness or sovereign credit rating ceilings.

CRH holds significant cash balances on deposit with a variety of highly-rated financial institutions (typically invested on a short-term basis) which, together with liquid investments and cash and cash equivalents at 31 December 2012, totalled euro 1.8 billion (2011: euro 1.3 billion). In addition to the above, CRH enters into derivative transactions with a variety of highly-rated financial institutions giving rise to derivative assets and derivative liabilities; the relevant balances as at 31 December 2012 were euro 172 million and euro 20 million, respectively (2011: euro 205 million and euro 30 million, respectively). The counterparty risks inherent in these exposures may give rise to losses in the event that the relevant financial institutions suffer a ratings downgrade or become insolvent. In addition, certain of the Group's activities (e.g. highway paving in the United States) give rise to significant amounts receivable from counterparties at the balance sheet date; at year-end 2012, this balance was euro 0.4 billion (2011: euro 0.4 billion). In the current business environment, there is increased exposure to counterparty default, particularly as regards bad debts.

CRH operates a number of defined benefit pension schemes in certain of its operating jurisdictions. The assets and liabilities of these schemes may exhibit significant period-on-period volatility attributable primarily to asset valuations, changes in bond yields and longevity. In addition to future service contributions, significant cash contributions may be required to remediate deficits applicable to past service.

The assumptions used in the recognition of assets, liabilities, income and expenses (including discount rates, expected return on plan assets, rate of increase in future compensation levels, mortality rates and healthcare cost trend rates) are updated annually based on market and economic conditions at the balance sheet date and for any relevant changes to the terms and conditions of the pension and post-retirement plans. These assumptions can be affected by (i) for the discount rate, changes in the rates of return on high-quality fixed income investments; (ii) for the expected return on plan assets, changes in the pension plans' strategic asset allocations to various investment types or to long-term return trend rates in the capital markets in which the pension fund assets are invested; (iii) for future compensation levels, future labour market conditions and anticipated inflation; (iv) for mortality rates, changes in the relevant actuarial funding valuations or changes in best practice; and (v) for healthcare cost trend rates, the rate of medical cost inflation in the relevant regions (items (i) and (iii) to (v) pertain to liabilities with item (ii) pertaining to assets). A prolonged period of financial market instability would have an adverse impact on the valuations of CRH's pension scheme assets.

In addition, a number of the defined benefit pension schemes in operation throughout the Group have reported material funding deficits thus necessitating reparation either in accordance with legislative requirements or as agreed with the relevant regulators. The extent of such contributions may be exacerbated over time as a result of a prolonged period of instability in worldwide financial markets.

In its worldwide insurance programme, the Group carries appropriate levels of insurance for typical business risks (including product liability) with various leading insurance companies. However, in the event of the failure of one or more of its insurance counterparties, the Group could be impacted by losses where recovery from such counterparties is not possible.

The Group's insurance arrangements retain certain exposures in respect of a variety of liability/casualty insurances, property damage and business interruption insurance; amounts in excess of these predetermined self-insurance thresholds, together with umbrella arrangements, as appropriate, are arranged through leading, highly-rated global insurers and re-insurers giving rise to counterparty risks. The exposures borne by third-parties are, in general, subject to caps with any exposures in excess of those caps being borne by CRH. As at 31 December 2012, the total insurance provision, which is subject to periodic actuarial valuation and is discounted, amounted to euro 190 million (2011: euro 199 million); a substantial proportion of this figure pertained to claims which are classified as "incurred but not reported".

CRH's activities are conducted primarily in the local currency of the country of operation resulting in low levels of foreign currency transactional risk. The principal foreign exchange risks to which the consolidated financial statements of CRH are exposed pertain to adverse movements in reported results when translated into euro (which is the Group's reporting currency) together with declines in the euro value of the Group's net investments which are denominated in a wide basket of currencies other than the euro.

A significant proportion of the Group's revenues, expenses, assets and liabilities are denominated in currencies other than the euro, principally U.S. dollars, Swiss Francs, Polish Zlotys and Sterling. From year to year, adverse changes in the exchange rates used to translate these and other foreign currencies into euro have impacted and will continue to impact the Group's consolidated results and net worth. It is the Group's policy to hedge partially its investment in foreign currencies by ensuring that net worth, net debt and net interest are spread across the currencies in which the Group operates, but otherwise CRH does not generally engage in hedging transactions to reduce Group exposure to foreign exchange translation risk.

Significant under-performance in any of CRH's major cash-generating units may give rise to a material write-down of goodwill which would have a substantial impact on the Group's income and equity.

An acquisition generates goodwill to the extent that the price paid by CRH exceeds the fair value of the net assets acquired. Under IFRS, goodwill and indefinite-lived intangible assets are not amortised but are subject to annual impairment testing. Other intangible assets deemed separable from goodwill arising on acquisitions are amortised.

Whilst a goodwill impairment charge would not impact cash flow, a full write-down at 31 December 2012 would have resulted in a charge to income and a reduction in equity of euro 4.2 billion (2011: euro 4.3 billion).

If CRH is unable to pay its debts, an examiner may be appointed under Irish law to oversee CRH's operations.

If CRH is unable, or likely to be unable, to pay its debts, an examiner may be appointed to oversee the operations of CRH and to facilitate its survival and the whole or any part of its business by formulating proposals for a compromise or scheme of arrangement. An examiner may be appointed

even if CRH is not insolvent. If an examiner has been appointed to CRH or any of its subsidiaries, the examinership may be extended to CRH and any of its related companies, including the Issuers, even if the Issuers are not themselves insolvent. There can be no assurance that the Issuers would be exempt from an extension of the examinership. If an examiner is appointed to CRH, a protection period, generally not exceeding 100 days, will be imposed so that the examiner can formulate and implement his proposals for a compromise or scheme or arrangement. During the protection period, any enforcement action by a creditor is prohibited. In addition, CRH would be prohibited from paying any debts existing at the time of the presentation of the petition to appoint an examiner. The appointment of an examiner may restrict the ability of CRH to make timely payments under its guarantee and Noteholders may be unable to enforce their rights under the guarantee. During the course of examinership, Noteholders' rights under the guarantee may be affected by the examiner's exercise of his powers to, for example, repudiate a restriction or prohibition on further borrowings or the creation of security.

Preferred Creditors under Irish law

In an insolvency of an Irish company, the claims of certain preferential creditors (including the Irish Revenue Commissioners for certain unpaid taxes) will rank in priority to claims of unsecured creditors. If CRH or CRH Finance becomes subject to an insolvency proceeding and CRH or CRH Finance has obligations to creditors that are treated under Irish law as creditors that are senior relative to the Noteholders, the Noteholders may suffer losses as a result of their subordinated status during such insolvency proceeding.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to

evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Risks applicable to all Notes

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned.

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that converts from a fixed rate to a floating rate, or from a Floating rate to a fixed rate. Where the relevant Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing market rates.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates.

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Risks related to Notes denominated in Renminbi

Set out below is a description of the principal risks which may be relevant to an investor in Notes denominated in Renminbi:

Renminbi is not freely convertible and this may adversely affect the liquidity of Notes denominated in Renminbi.

Renminbi is not freely convertible at present. The PRC government continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar, despite significant reduction over the years by the PRC government of control over routine foreign exchange transactions under current accounts. Currently, participating banks in Singapore, Hong Kong and Taiwan have been permitted to engage in the settlement of Renminbi trade transactions. This represents a current account activity.

There is no assurance that the PRC government will continue to gradually liberalise control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the relevant Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of Notes denominated in Renminbi and the relevant Issuer's ability to source Renminbi to service such Notes.

As a result of the restrictions by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. Currently, licensed banks in Singapore and Hong Kong may offer limited Renminbi-denominated banking services to Singapore residents, Hong Kong residents and specified business customers.

The PBOC has also established a Renminbi clearing and settlement system for participating banks in Singapore, Hong Kong and Taiwan. Each of Industrial and Commercial Bank of China, Singapore Branch, Bank of China (Hong Kong) Limited and Bank of China, Taipei Branch (each an **RMB Clearing Bank**) has entered into settlement agreements with the PBOC to act as the RMB clearing bank in Singapore, Hong Kong and Taiwan, respectively.

However, the current size of Renminbi-denominated financial assets outside the PRC is limited. Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the settlement agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi offshore. The limited availability of Renminbi outside the PRC may affect the liquidity of Notes denominated in Renminbi. There is no assurance that the relevant Issuer will be able to source Renminbi outside the PRC to service such Notes on satisfactory terms, if at all. If the relevant Issuer is unable to source such Renminbi, the relevant Issuer's obligation to make a payment in Renminbi under the terms of the Notes may be replaced by an obligation to pay such amount in the Relevant Currency (as defined below) if 'RMB Currency Event' is selected as being applicable in the relevant Final Terms.

An investment in Notes denominated in Renminbi is subject to exchange rate risks.

The value of Renminbi against the U.S. dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. Except in the limited circumstances stipulated in condition 5.8, all payments of interest and principal with respect to Renminbi denominated Notes will be made in Renminbi. As a result, the value of these Renminbi payments in U.S. dollar or other foreign currency terms may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. dollar or other foreign currencies, the value of an investment in Notes denominated in Renminbi in U.S. dollar or other applicable foreign currency terms will decline.

In the event that access to Renminbi becomes restricted to the extent that, by reason of RMB Inconvertibility, RMB Non-transferability or RMB Illiquidity (as defined in the Conditions), the Issuer is unable, or it is impossible for it, to pay interest or principal in Renminbi, the Conditions allow the Issuer to make payment in U.S. dollars at the prevailing spot rate of exchange, all as provided in more detail in the Conditions. As a result, the value of these Renminbi payments may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. dollar or other foreign currencies, the value of a holder's investment in U.S. dollar or other foreign currency terms will decline.

Payments for Notes denominated in Renminbi will only be made to investors in the manner specified for such Notes in the terms and conditions.

Investors may be required to provide certificates and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in the RMB Settlement Centre(s). Except in the limited circumstances stipulated in Condition 5.8, all payments to investors in respect of Notes denominated in Renminbi will be made solely (i) for so long as such Notes are represented by a Temporary Global Note or a Permanent Global Note held with the common depository for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking, *société anonyme* (**Clearstream, Luxembourg**) or any alternative clearing system by transfer to a Renminbi bank account maintained in the RMB Settlement Centre(s) in accordance with prevailing Euroclear and Clearstream, Luxembourg rules and procedures or those of such alternative clearing system, or (ii) for so long as such Notes are in definitive form, by transfer to a Renminbi bank account maintained in the RMB Settlement Centre(s) in accordance with prevailing rules and regulations. Other than described in the Conditions, the relevant Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

Gains on the transfer of Notes denominated in Renminbi may become subject to income taxes under PRC tax laws

Under the New Enterprise Income Tax Law and its implementation rules, any gains realised on the transfer of Notes denominated in Renminbi by holders who are deemed under the New Enterprise Income Tax Law as non-resident enterprises may be subject to PRC enterprise income tax if such gains are regarded as income derived from sources within the PRC. Under the New Enterprise Income Tax Law, a "non-resident enterprise" means an enterprise established under the laws of a jurisdiction other than the PRC and whose actual administrative organisation is not in the PRC, which has established offices or premises in the PRC, or which has not established any offices or premises in the PRC but has obtained income derived from sources within the PRC. In addition, there is uncertainty as to whether gains realised on the transfer of the Notes by individual holders who are not PRC citizens or residents will be subject to PRC individual income tax. If such gains are subject to PRC income tax, the 10 per cent. enterprise income tax rate and 20 per cent. individual income tax rate will apply respectively unless there is an applicable tax treaty or arrangement that reduces or exempts such income tax. The taxable income will be the balance of the total income obtained from the transfer of the Notes denominated in Renminbi minus all costs and expenses that are permitted under PRC tax laws to be deducted from the income. According to an arrangement between mainland China and Hong Kong for avoidance of double taxation, Noteholders who are Hong Kong residents, including both enterprise holders and individual holders, will be exempted from PRC income tax on capital gains derived from a sale or exchange of such Notes.

If a Noteholder, being a non-resident enterprise or non-resident individual, is required to pay any PRC income tax on gains on the transfer of Notes denominated in Renminbi, the value of the relevant Noteholder's investment in such Notes may be materially and adversely affected.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders.

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Trustee may, without the consent of Noteholders and without regard to the interest of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer or in respect of the Guarantor's obligations under the Guarantee in place of the Guarantor, in each case the circumstances described in Condition 14.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the **Savings Directive**), EU Member States are required to provide to the tax authorities of another EU Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to (or for the benefit of) an individual resident, or to certain limited types of entities established, in that other EU Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments, subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other similar income may request that no tax be withheld (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). The Luxembourg government has announced its intention to elect out of the withholding system in favour of an automatic exchange of information with effect from 1 January 2015. A number of non-EU countries and territories, including Switzerland, have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Savings Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through an EU Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment pursuant to the Savings Directive or any law implementing or complying with, or introduced in order to conform to, such Directive, neither the relevant Issuer nor the Guarantor nor any Paying Agent (as defined in the Conditions of the Notes) nor any other person would be obliged to pay additional amounts with respect to any Note or Coupon as a result of the imposition of such withholding tax. The Issuers are required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Savings Directive or any law implementing or complying with, or introduced in order to conform to, such Directive.

Proposed Amendment of Swiss Federal Withholding Tax Act

On 24 August 2011 the Swiss Federal Council initiated an amendment to the Swiss Federal Withholding Tax Act, which allows a person other than the Issuer or the Guarantor to withhold or

deduct tax, in particular, and without limitation, any Swiss paying agent. If this legislation or similar legislation were enacted and an amount of, or in respect of, Swiss withholding tax were to be deducted or withheld from a payment, neither the relevant Issuer, nor the Guarantor, any paying agent nor any other person would pursuant to the Conditions of the Notes be obliged to pay additional amounts with respect to any Note as a result of the deduction or imposition of such withholding tax.

U.S. Foreign Account Tax Compliance Withholding

Whilst the Notes are in global form and held within the clearing systems, in all but the most remote circumstances, it is not expected that foreign account tax compliance provisions of the Hiring Incentives to Restore Employment Act of 2010 (**FATCA**) will affect the amount of any payment received by the clearing systems (see “*Taxation – Foreign Account Tax Compliance*”). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA), provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer’s obligations under the Notes are discharged once it has paid the common depositary or common safekeeper for the clearing systems (as bearer of the Notes) and the Issuer has therefore no responsibility for any amount thereafter transmitted through hands of the clearing systems and custodians or intermediaries.

The value of the Notes could be adversely affected by a change in English law or administrative practice.

The conditions of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued.

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An inactive secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

If an investor holds Notes which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

The relevant Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the relevant Issuer or the Guarantor to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Issuer, the Guarantor or any Notes may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the relevant Issuer, the Guarantor or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended). Such general restriction will

also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings on the cover of this Base Prospectus.

FORM OF THE NOTES

The Notes of each Series will be in bearer form.

Form of Notes (other than Swiss Notes (as defined below))

Each Tranche of Notes (other than Swiss Notes) will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note**) which, in either case, will:

- (i) if the Global Notes are intended to be issued in new global note (**NGN**) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear and Clearstream Banking; and
- (ii) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**) for, Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

If the global Note is issued in classic global note (**CGN**) form, upon the initial deposit of a global Note with the Common Depositary, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the global Note is issued in NGN form, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same Series or (b) for definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) outside the United States and without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note (if the Note is not a Swiss Note) will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon either (a) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing, or (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Trustee is available. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Trustee may give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

Swiss Notes

Notes denominated in Swiss Francs to be listed on the SIX Swiss Exchange (**Swiss Notes**) will be issued in the form of a Swiss permanent global note (the **Swiss Permanent Global Note**).

A Swiss Permanent Global Note will be deposited by the Principal Swiss Paying Agent with SIX SIS AG, the Swiss Securities Services Corporation in Olten, Switzerland (**SIS**) or any other intermediary in Switzerland recognised for such purposes by the SIX Swiss Exchange (SIS or any such other intermediary, the **Intermediary**) until final redemption of the Swiss Notes or the exchange of the Swiss Permanent Global Note for definitive Notes with Coupons attached as set out below. Once a Swiss Permanent Global Note has been deposited with the Intermediary and the relevant interests in the Swiss Notes have been entered into the accounts of one or more participants of the Intermediary, the Swiss Notes will constitute intermediated securities (*Bucheffekten*) (**Intermediated Securities**) in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Each holder of Swiss Notes shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Swiss Permanent Global Note to the extent of its claim against the Issuer, provided that for so long as the Swiss Permanent Global Note remains deposited with the Intermediary, the co-ownership interest shall be suspended and the Swiss Notes may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) i.e. by entry of the transferred Swiss Notes in a securities account of the transferee.

The records of the Intermediary will determine the nominal amount of Swiss Notes represented by the Swiss Permanent Global Note and held by or through each participant in the Intermediary. The holders of Swiss Notes held in the form of Intermediated Securities will be the persons for the time being shown in the records of any custodian (*Verwahrungsstelle*) as holding the relevant nominal amount of Swiss Notes in a securities account (*Effektenkonto*) with such custodian (*Verwahrungsstelle*) which is in their name (and the expression **holder** of Swiss Notes and related expressions shall be construed accordingly).

Holders of Swiss Notes shall not have the right to effect or demand the conversion of the Swiss Permanent Global Note into, or the delivery of uncertificated securities (*Wertrechte*) or definitive Swiss Notes (*Wertpapiere*).

No physical delivery of Swiss Notes shall be made unless and until definitive Swiss Notes (*Wertpapiere*) are printed. The Swiss Permanent Global Note shall be exchangeable in whole, but not

in part, for definitive Notes (*Wertpapiere*) only if the Principal Swiss Paying Agent deems the printing of definitive Notes (*Wertpapiere*) to be necessary or useful, after consultation with the relevant Issuer, or if, under Swiss or any other applicable laws and regulations, the enforcement of obligations under the Swiss Notes can only be ensured by means of presentation of definitive Notes (*Wertpapiere*). Should the Principal Swiss Paying Agent so determine, it shall provide for the printing and delivery of definitive Notes (*Wertpapiere*) with Coupons attached in accordance with the rules and regulations of the Intermediary and without cost to holders of the Swiss Notes. Should definitive Notes (*Wertpapiere*) with Coupons attached be so printed, the Swiss Permanent Global Note will immediately be cancelled by the Principal Swiss Paying Agent and the definitive Swiss Notes (*Wertpapiere*) with Coupons attached shall be delivered to the relevant holders of the Swiss Notes against cancellation of the relevant Swiss Notes in such holder's securities accounts.

General provisions applicable to the Notes

The following legend will appear on all Notes which have an original maturity of more than one year and on all interest coupons relating to such Notes:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes which are represented by a global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg and/or the Intermediary, as the case may be.

Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*”), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

In addition, the Principal Swiss Paying Agent shall arrange that, where a further Tranche of Swiss Notes represented on issue by a Swiss Permanent Global Note is issued which is intended to form a single Series with an existing Tranche of Swiss Notes so represented, the Swiss Notes of such further Tranche shall be assigned a Swiss Securities Number and ISIN which are different from the Swiss Securities Number and ISIN assigned to Swiss Notes of any other Tranche of the same Series until such time as the further Tranche does form a single Series with the existing Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or the Intermediary shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the relevant Issuer, the Guarantor, the Agent and the Trustee.

To the extent permissible under applicable laws and regulations, no Noteholder or Couponholder shall be entitled to proceed directly against the relevant Issuer or the Guarantor unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

The Issuer and the Guarantor may agree with any Dealer and the Trustee that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event, a new Base Prospectus will be made available which will describe the effect of the agreement reached in relation to such Notes.

Save as provided below in respect of Swiss Notes, for so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank S.A./N.V. (**Euroclear**) and/or Clearstream Banking, société anonyme (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor, the Paying Agents and the Trustee as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer, the Guarantor, any Paying Agent and the Trustee as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular nominal amount of Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Notes denominated in Swiss Francs and to be listed on the SIX Swiss Exchange (**Swiss Notes**) will be issued in the form of a Swiss permanent global note (the **Swiss Permanent Global Note**).

A Swiss Permanent Global Note will be deposited by the Principal Swiss Paying Agent with SIX SIS AG, the Swiss Securities Services Corporation in Olten, Switzerland (**SIS**) or any other intermediary in Switzerland recognised for such purposes by the SIX Swiss Exchange (SIS or any such other intermediary, the **Intermediary**) until final redemption of the Swiss Notes or the exchange of the Swiss Permanent Global Note for definitive Notes with Coupons attached as set out below. Once a Swiss Permanent Global Note has been deposited with the

Intermediary and the relevant interests in the Swiss Notes have been entered into the accounts of one or more participants of the Intermediary, the Swiss Notes will constitute intermediated securities (*Bucheffekten*) (**Intermediated Securities**) in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Each holder of Swiss Notes shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Swiss Permanent Global Note to the extent of its claim against the Issuer, provided that for so long as the Swiss Permanent Global Note remains deposited with the Intermediary, the co-ownership interest shall be suspended and the Swiss Notes may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) i.e. by entry of the transferred Swiss Notes in a securities account of the transferee.

The records of the Intermediary will determine the nominal amount of Swiss Notes represented by the Swiss Permanent Global Note and held by or through each participant in the Intermediary. The holders of Swiss Notes held in the form of Intermediated Securities will be the persons for the time being shown in the records of any custodian (*Verwahrungsstelle*) as holding the relevant nominal amount of Swiss Notes in a securities account (*Effektenkonto*) with such custodian (*Verwahrungsstelle*) which is in their name (and the expression **holder** of Swiss Notes and related expressions shall be construed accordingly).

Holders of Swiss Notes shall not have the right to effect or demand the conversion of the Swiss Permanent Global Note into, or the delivery of uncertificated securities (*Wertrechte*) or definitive Swiss Notes (*Wertpapiere*).

No physical delivery of Swiss Notes shall be made unless and until definitive Swiss Notes (*Wertpapiere*) are printed. The Swiss Permanent Global Note shall be exchangeable in whole, but not in part, for definitive Notes (*Wertpapiere*) only if the Principal Swiss Paying Agent deems the printing of definitive Notes (*Wertpapiere*) to be necessary or useful, after consultation with the relevant Issuer, or if, under Swiss or any other applicable laws and regulations, the enforcement of obligations under the Swiss Notes can only be ensured by means of presentation of definitive Notes (*Wertpapiere*). Should the Principal Swiss Paying Agent so determine, it shall provide for the printing and delivery of definitive Notes (*Wertpapiere*) with Coupons attached in accordance with the rules and regulations of the Intermediary and without cost to holders of the Swiss Notes. Should definitive Notes (*Wertpapiere*) with Coupons attached be so printed, the Swiss Permanent Global Note will immediately be cancelled by the Principal Swiss Paying Agent and the definitive Swiss Notes (*Wertpapiere*) with Coupons attached shall be delivered to the relevant holders of the Swiss Notes against cancellation of the relevant Swiss Notes in such holder's securities accounts.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg and/or the Intermediary, as the case may be. References to Euroclear and/or Clearstream, Luxembourg and/or the Intermediary shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

4. INTEREST

4.1 Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 4.1:

- (a) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:
 - (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date

(the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

- (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (b) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (c) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

4.2 Interest on Floating Rate Notes

(a) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding

Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 4.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, **Business Day** means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Additional Business Centre specified in the applicable Final Terms; and
- (b) either (i) in relation to any sum payable in a Specified Currency other than euro or Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (ii) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the **TARGET2 System**) is open or (iii) in relation to any sum payable in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks in the relevant RMB Settlement Centre(s) are generally open for business and settlement of Renminbi payments in the relevant RMB Settlement Centre(s).

RMB Settlement Centre(s) means the financial centre(s) specified as such in the applicable Final Terms in accordance with applicable laws and regulations. If no RMB Settlement Centre is specified in the relevant Final Terms, the RMB Settlement Centre shall be deemed to be Hong Kong.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2000 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(ii) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest

(or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 4.2:

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

(e) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(f) Determination or Calculation by Trustee

If for any reason at any relevant time the Agent defaults in its obligation to determine the Rate of Interest or in its obligation to calculate any Interest Amount in accordance with subparagraph (b)(i) or subparagraph (b)(ii) above, as the case may be, and in each case in accordance with paragraph (d) above, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent.

(g) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition, by the Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuers, the Guarantor, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuers, the Guarantor, the Noteholders or the Couponholders shall attach to the Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

4.3 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13 as provided in the Trust Deed.

4.4 Adjustment of Interest for Fixed Rate Notes and Floating Rate Notes

If Step Up Rating Change and/or Step Down Rating Change is specified in the applicable Final Terms, the following terms relating to the Rate of Interest for Fixed Rate Notes and Floating Rate Notes shall apply:

- (a) Subject to paragraphs (c) and (e) below, from and including the first Interest Payment Date falling on or after the date of a Step Up Rating Change, the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) shall be increased by the Step Up Margin specified in the applicable Final Terms.
- (b) Subject to paragraphs (c) and (e) below, in the event of a Step Down Rating Change following a Step Up Rating Change, with effect from and including the first Interest Payment Date falling on or after the date of such Step Down Rating Change, the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) shall be decreased by the Step Up Margin so that it again becomes the

initial Rate of Interest (in the case of Fixed Rate Notes) or the initial Margin (in the case of Floating Rate Notes).

- (c) If a Step Up Rating Change and, subsequently, a Step Down Rating Change occur during the same Fixed Interest Period (in the case of Fixed Rate Notes) or the same Interest Period (in the case of Floating Rate Notes), the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) shall neither be increased nor decreased as a result of either such event.
- (d) The Issuer will cause the occurrence of an event giving rise to an adjustment to the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) pursuant to this Condition to be notified to the Trustee, Agent and (in accordance with Condition 13) the Noteholders as soon as reasonably practicable after the occurrence of the relevant event but in no event later than the fifth London Business Day thereafter.
- (e) Only the first Step Up Rating Change (if any) and the first Step Down Rating Change (if any) shall give rise to an adjustment to the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes).
- (f) If the rating designations employed by any of Moody's or S&P are changed from those which are described in this Condition, or if a rating is procured from a Substitute Rating Agency, the Issuer shall determine, with the agreement of the Trustee (not to be unreasonably withheld or delayed), the rating designations of Moody's or S&P or such Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Moody's or S&P and this Condition shall be read accordingly.
- (g) The Trustee is under no obligation to ascertain whether a Step Down Rating Change or a Step Up Rating Change or any event which could lead to the occurrence of or could constitute a Step Down Rating Change or a Step Up Rating Change, has occurred and, until it shall have actual knowledge or notice pursuant to the Trust Deed to the contrary, the Trustee may assume that no Step Down Rating Change or Step Up Rating Change or other such event has occurred.

In the Conditions, the following words have the following meanings.

Investment Grade means a rating of BBB- or above in relation to S&P, Baa3 or above in relation to Moody's, or, where a Substitute Rating Agency has been designated by the Issuer, a comparable rating or above.

Rating Agency means Moody's Deutschland GmbH or any other entity that is part of the group to which Moody's Deutschland GmbH or its successor belongs (**Moody's**) or Standard & Poor's Credit Market Services Europe Limited or any other entity that is part of the group to which Standard & Poor's Credit Market Services Europe Limited or its successor belongs (**S&P**), or their respective successors or any rating agency (a **Substitute Rating Agency**) substituted for any of them by the Issuer from time to time with the prior written approval of the Trustee.

Step Down Rating Change means, at any time after a Step Up Rating Change, the first public announcement by any Rating Agency (a) of a credit rating being applied or, as the case may be, (b) of an increase in the credit rating of the Notes with the result that, following such public announcement(s), the Notes are rated by each Rating Agency (and none of the Rating Agencies rate the Notes below) Investment Grade.

Step Up Rating Change means the first public announcement by any Rating Agency of its ceasing to apply a credit rating to the Notes or of a decrease in the credit rating of the Notes to below Investment Grade.

5. PAYMENTS

5.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro and Renminbi will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively);
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
- (c) payments in Renminbi will be made by credit or transfer to an account denominated in Renminbi and maintained by the payee with a bank in the relevant RMB Settlement Centre(s) in accordance with applicable laws, rules and regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to settlement in Renminbi in the relevant RMB Settlement Centre(s)).

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 7) any law implementing an intergovernmental approach thereto.

5.2 Presentation of definitive Notes and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 5.1 above and, in the case of Swiss Notes, Condition 5.5 below only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia), and its possessions.

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10

years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

5.3 Payments in respect of Global Notes (other than Swiss Permanent Global Notes)

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes or otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note, where applicable at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note either by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg as applicable.

5.4 General provisions applicable to payments

The holder of a Global Note (other than a Swiss Permanent Global Note) shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of

the full amount of principal and interest on the Notes in the manner provided above when due;

- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences to the Issuer or the Guarantor.

5.5 Payments in respect of Swiss Notes

The Issuer or, as the case may be, the Guarantor shall make all payments of principal and interest due under Swiss Notes to the Principal Swiss Paying Agent which shall, where applicable, promptly reimburse each other Swiss paying agent on demand for payments in respect of such Swiss Notes properly made by such other Swiss paying agent.

Payments in respect of such Notes will be made irrespective of any present or future transfer restrictions and without regard to any bilateral or multilateral payment or clearing agreement which may be applicable at the time of such payments.

Payments of principal and interest in respect of Swiss Notes will be made in freely disposable Swiss Francs without collection costs in Switzerland and without any restrictions and irrespective of nationality, domicile or residence of the holder of the relevant Swiss Note or Coupon and without requiring any certification, affidavit or the fulfilment of any other formality.

The receipt by the Principal Swiss Paying Agent of the due and punctual payment of the relevant funds in Swiss Francs in Zurich shall release the Issuer or, as the case may be, the Guarantor from its obligations under the Swiss Notes and Coupons for the payment of interest and principal due on the respective Interest Payment Dates and on the Maturity Date to the extent of such payment and except to the extent that there is a default in the subsequent payment thereof to the Noteholders or Couponholders (as the case may be).

5.6 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 8) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (i) in the case of Notes in definitive form only, the relevant place of presentation;
 - (ii) each Additional Financial Centre specified in the applicable Final Terms; and
- (b) either (A) in relation to any sum payable in a Specified Currency other than euro and Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or

New Zealand dollars shall be Sydney and Auckland, respectively) or (B) in relation to any sum payable in euro, a day on which the TARGET2 System is open or (C) in relation to any sum payable in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks in the relevant RMB Settlement Centre(s) are generally open for business and settlement of Renminbi payments in the relevant RMB Settlement Centre(s).

5.7 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 7 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;
- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) the Make Whole Optional Redemption Amount (if any) of the Notes;
- (f) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6); and
- (g) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

5.8 RMB Currency Event

If “RMB Currency Event” is specified in the applicable Final Terms and a RMB Currency Event, as determined by the Issuer (or the Guarantor, as the case may be) acting in good faith and in a commercially reasonable manner, exists on a date for payment of any amount in respect of any Note or Coupon, the Issuer’s obligation to make a payment in RMB under the terms of the Notes (or, as the case may be, the Guarantor’s obligations to make a payment in RMB under the Guarantee) may be replaced by an obligation to pay such amount in the Relevant Currency converted using the Spot Rate for the relevant Determination Date.

Upon the occurrence of a RMB Currency Event, the Issuer or the Guarantor, as applicable, shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 stating the occurrence of the RMB Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

For the purpose of this Condition and unless stated otherwise in the applicable Final Terms:

Determination Business Day means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in the relevant RMB Settlement Centre(s), London and New York City;

Determination Date means the day which is two Determination Business Days before the due date of the relevant payment under the Notes;

Governmental Authority means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of the relevant RMB Settlement Centre(s);

RMB Currency Events means any one of RMB Illiquidity, RMB Non-Transferability and RMB Inconvertibility;

RMB Illiquidity means the general Renminbi exchange market in the relevant RMB Settlement Centre(s) becomes illiquid and, as a result of which, the Issuer (or the Guarantor, as the case may be) cannot obtain sufficient Renminbi in order to satisfy its obligation to pay interest and principal (in whole or in part) in respect of the Notes as determined by the Issuer (or the Guarantor, as the case may be) in good faith and in a commercially reasonable manner following consultation with two independent foreign exchange dealers of international repute active in the RMB exchange market in the relevant RMB Settlement Centre(s);

RMB Inconvertibility means the occurrence of any event that makes it impossible for the Issuer (or the Guarantor, as the case may be) to convert any amount due in respect of the Notes into RMB on any payment date at the general RMB exchange market in the relevant RMB Settlement Centre(s), other than where such impossibility is due solely to the failure of the Issuer (or the Guarantor, as the case may be) to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer (or the Guarantor, as the case may be), due to an event beyond its control, to comply with such law, rule or regulation);

RMB Non-Transferability means the occurrence of any event that makes it impossible for the Issuer (or the Guarantor, as the case may be) to deliver RMB between accounts inside the relevant RMB Settlement Centre(s) or from an account inside the relevant RMB Settlement Centre(s) to an account outside the relevant RMB Settlement Centre(s) (including where the RMB clearing and settlement system for participating banks in the relevant RMB Settlement Centre(s) is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer (or the Guarantor, as the case may be) to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer (or the Guarantor, as the case may be), due to an event beyond its control, to comply with such law, rule or regulation); and

Spot Rate means, unless specified otherwise in the applicable Final Terms, the spot CNY/U.S. dollar exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in the relevant RMB Settlement Centre(s) for settlement in two Determination Business Days' time, as determined by the Calculation Agent at or around 11.00 a.m. (local time at the relevant RMB Settlement Centre(s)) on the Determination Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent in good faith and in a commercially reasonable manner will determine the Spot Rate at or around 11:00 a.m. (local time at the relevant RMB Settlement Centre(s)) on the Determination Date as the most recently available U.S. dollar/CNY official fixing rate for settlement in two Determination Business Days reported

by The State Administration of Foreign Exchange of the PRC, which is reported on Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuters Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the relevant Issuer, the Guarantor, the Paying Agents and all holders of the Notes.

6.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

6.2 Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Trustee and the Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if the Issuer or, as the case may be, the Guarantor satisfies the Trustee immediately before the giving of such notice that:

- (a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 or the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 7) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and
- (b) such obligation cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Trustee to make available at its specified office to the Noteholders a certificate signed by two directors of the Issuer or, as the case may be, two directors of the Guarantor stating that the obligation referred to in paragraph (a) above cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the condition precedent set out in paragraph (b) above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

Notes redeemed pursuant to this Condition 6.2 will be redeemed at their Early Redemption Amount referred to in Condition 6.5 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

6.3 Redemption at the option of the Issuer

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 13 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or, if so specified in the applicable Final Terms, some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

If Make Whole Call Option is specified as being applicable in the applicable Final Terms, the Issuer may, at any time but having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 13 (which notice shall be irrevocable and shall specify the date fixed for redemption (the “**Make Whole Optional Redemption Date**”)), redeem all or, if so specified in the applicable Final Terms, some only, of the Notes then outstanding other than any such Note in respect of which an Optional Redemption Date pursuant to Condition 6.4 or Put Date pursuant to Condition 6.6 occurs prior to the relevant Make Whole Optional Redemption Date at a redemption price per Note (the “**Make Whole Optional Redemption Amount**”) equal to the higher of the following, in each case together with, if applicable, interest accrued to (but excluding) the relevant Make Whole Optional Redemption Date:

- (i) the nominal amount of the Note; and
- (ii) the sum of the then current values of the remaining scheduled payments of principal and interest (not including any interest accrued but unpaid on the Notes to, but excluding, the Make Whole Optional Redemption Date) discounted to the Make Whole Optional Redemption Date on an annual basis (based on the Day Count Fraction specified hereon) at (i) the Euro Make Whole Redemption Rate (as defined below), in the case of the Notes denominated in euro; (ii) the Gross Redemption Yield (as defined below), in the case of the Notes denominated in sterling; or (iii) the Make Whole Redemption Rate (as defined below), in the case of the Notes denominated in any currency other than euro or sterling, plus in each case any applicable Discount Margin specified in the applicable Final Terms, in each case as determined by the Reference Dealers or the Determination Agent, as applicable.

Any notice of redemption given under the paragraph above will, in respect of the Notes to which it relates, override any notice of redemption given (whether previously, on the same date or subsequently) under Condition 6.2 or the first paragraph of this Condition 6.3.

Any such redemption must be of a nominal amount not less than the Minimum Make Whole Redemption Amount and not more than the Maximum Make Whole Redemption Amount specified in the applicable Final Terms.

In the case of a partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will (i) in the case of Redeemed Notes represented by definitive Notes, be selected individually by lot, not more than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg. “Gross Redemption Yield” on the Sterling Reference Stock means a yield, expressed as a percentage and calculated at or around 10.00 a.m. (London time) on the Determination Date specified in the applicable Final Terms by the Determination Agent on the basis set out by the United Kingdom Debt Management Office in the paper "Formulae for Calculating Gilt Prices from Yields" page 5, Section One: Price/Yield Formulae (Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date) (published on 8 June, 1998 and updated on 15 January, 2002 and 16 March, 2005) (as updated, amended or supplemented from time to time) on a semi-annual compounding basis (converted on an annualised yield and rounded up (if necessary) to four decimal places) or, if such formula does not reflect generally accepted market practice at the time of redemption, a yield calculated in accordance with generally accepted market practice at such time, all as advised to the Issuer by the Determination Agent;

“Make Whole Redemption Rate” on the Reference Stock means a yield expressed as a percentage and calculated by the Determination Agent as at or around the time of day customary for such determination in the relevant market on the Determination Date and in accordance with generally accepted market practice at such time, as advised to the Issuer by the Determination Agent;

“Sterling Reference Stock” means the United Kingdom Government Treasury Stock specified in the applicable Final Terms (or, where the Determination Agent advises the Issuer that such stock is no longer in issue or, for reasons of illiquidity or otherwise, is no longer appropriate for such purpose, such other United Kingdom government stock as the Determination Agent may determine to be appropriate by way of substitution for the original stock).

6.4 Redemption at the option of the Noteholders (Investor Put) (other than upon a Change of Control)

If Investor Put other than upon a Change of Control is specified as being applicable in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than the minimum period nor more than the maximum period notice specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

The Note should be delivered together, if appropriate, with all Coupons appertaining thereto maturing after the date which is seven days after the expiration of the Put Period (the **Put Date**), failing which (unless the applicable Final Terms provide that the relative Coupons are to become void upon the due date for redemption of such Note) the Paying Agent will require payment of an amount equal to the face value of any missing such Coupon. Any amount so paid will be reimbursed in the manner provided in Condition 5 against presentation and surrender of the relevant missing Coupon (or any replacement therefore issued pursuant to Condition 10 at any time after such payment, but before the expiry of the period of 10 years from the Relevant Date (as defined in Condition 7) in respect of that Coupon. Payment in respect of any Note so delivered will be made, if the holder duly specified a bank account in the Change of Control Put Notice to which payment is to be made, on the Put Date by transfer to that bank account and, in every other case, on or after the Put Date against presentation and surrender or (as the case may be) endorsement of such receipt at the specified office of any Paying Agent. Payment in respect of any Notes represented by a Global Note or in definitive form and held through Euroclear and/or Clearstream, Luxembourg and/or the Intermediary, as the case may be, in respect of which the relevant Noteholder has exercised the option given under this Condition 6.6 will be made on the Put Date. A Change of Control Put Notice, once given, shall be irrevocable. The Issuer, failing which the Guarantor, shall redeem, repay or, as the case may be, purchase or procure the purchase of the

relevant Notes on the Put Date unless previously redeemed or purchased and cancelled.

If 80 per cent. or more in nominal amount of the Notes then outstanding have been redeemed, repaid or repurchased pursuant to this Condition 6.6, the Issuer may, on not less than 30 or more than 60 days' notice to the Noteholders given within 30 days after the Put Date, redeem, repay, purchase or procure purchase of at its option, the remaining Notes as a whole at a price equal to the Early Redemption Amount thereof plus, if appropriate, interest accrued to but excluding the date of such redemption, repayment or purchase, as the case may be.

- (F) The Trustee is under no obligation to ascertain whether a Put Event or Change of Control or any event which could lead to the occurrence of or could constitute a Put Event or Change of Control has occurred and, until it shall have actual knowledge or notice pursuant to the Trust Deed to the contrary, the Trustee may assume that no Put Event or Change of Control or other such event has occurred.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or the Coupons or the Trust Deed (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes or the Coupons), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount of the Notes for the time being outstanding. Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, the Guarantor, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 7 and/or any undertaking or covenant given in addition to, or in substitution for, Condition 7 pursuant to the Trust Deed.

The Trustee may, without the consent of the Noteholders, agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, the Coupons and the Trust Deed of another company, being a Subsidiary of the Guarantor, or agree with the Guarantor to the substitution in place of the Guarantor (or of any previous substitute under this Condition) by its successor in business or by any subsidiary of the Guarantor or its successor in business, subject to (a) in the case of the substitution of the Issuer the Notes being unconditionally and irrevocably guaranteed by the Guarantor, (b) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution and (c) certain other conditions set out in the Trust Deed being complied with.

In case of Notes issued by CRH Switzerland, the mandatory provisions on noteholders' meetings contained in article 1157 et seq. of the Swiss Code of Obligations will apply in relation to meetings of the Noteholders.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuers, the Guarantor and/or any of their respective Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuers, the Guarantor and/or any of their respective Subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

16. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

17. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

18. GOVERNING LAW AND SUBMISSION TO JURISDICTION

18.1 Governing law

The Trust Deed (including the Guarantee), the Agency Agreement, the Notes and the Coupons and any non-contractual obligations arising out of or in connection with the Guarantee, the Agency Agreement, the Notes and the Coupons, are governed by, and shall be construed in accordance with, English law.

18.2 Submission to jurisdiction

- (a) Subject to Condition 18.2(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Trust Deed, the Notes and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes and/or the Coupons (a **Dispute**) and accordingly each of the Issuer and the Trustee and any Noteholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.
- (b) For the purposes of this Condition 18.2, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (c) To the extent allowed by law, the Trustee, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

18.3 Appointment of Process Agent

The Issuer (if the Issuer is CRH Finance, CRH Funding B.V., CRH Germany, CRH Finance SA, CRH Finland or CRH Switzerland) appoints CRH Finance UK at its registered office at c/o Ibstock Brick Limited, Leicester Road, Ibstock, Leicestershire, LE67 6HS as its agent for service of process in any Proceedings before the English courts in relation to any Dispute, and agrees that, in the event of CRH Finance UK being unable or unwilling for any reason so to act, it will appoint another person approved by the Trustee as its agent for service of process in England in respect of any Dispute. The relevant Issuer agrees that failure by a process agent to notify it of any process will not invalidate service. Nothing herein shall affect the right to serve process in any other manner permitted by law.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the relevant Issuer (with respect to CRH Switzerland, within the limitations and prerequisites under Swiss law and regulation as to the grant of loans and other financial support to its direct or indirect parent companies and their or its direct or indirect subsidiaries) for its general corporate purposes, which include, *inter alia*, making intra-group loans and equity contributions to CRH Group companies.

DESCRIPTION OF CRH PLC

Overview

CRH plc (CRH) is the parent company for an international group of companies, engaged in the manufacture and supply of a wide range of building materials and in the operation of builders' merchandising and "Do-It-Yourself" (DIY) stores. Its primary listing is on the London Stock Exchange plc (**London Stock Exchange**) and it is also one of the largest companies, based on market capitalisation, quoted on the Irish Stock Exchange in Dublin where it has a secondary listing. CRH's American Depositary Shares are listed on the New York Stock Exchange in the United States. CRH continues to be included in the FTSE 100, ISEQ 20, Euro Stoxx 50 and the Euro Stoxx Select Dividend 30 equity indices, among others. The market capitalisation of CRH as at the date of this Base Prospectus was GBP£9.7 billion (€11.3billion).

CRH resulted from the merger in 1970 of two leading Irish public companies, Cement Limited (established in 1936) and Roadstone Limited (incorporated in 1949). Cement Limited manufactured and supplied cement while Roadstone Limited was primarily involved in the manufacture and supply of aggregates, readymixed concrete, mortar, coated macadam, asphalt and contract surfacing to the Irish construction industry.

CRH is a holding company incorporated and domiciled in Ireland with registration number 12965. CRH was incorporated under the Companies Acts 1908 to 1924 (as amended) on 20 June 1949 as a private company limited by shares under the name Roadstone, Limited. Its name was changed to Cement-Roadstone Holdings Limited by special resolution in 1970. On 20 January 1984, it reregistered under the Irish Companies Acts 1963 to 1983 as a public limited company and in 1987 its name was changed by special resolution and entered on the register of companies on 18 May 1987 as CRH plc. CRH operates under the Companies Acts of Ireland, 1963 to 2012 and the Investment Funds, Companies and Miscellaneous Provisions Act, 2006, each as amended. CRH's worldwide headquarters are located in Dublin, Ireland. Its principal executive offices are located at Belgard Castle, Clondalkin, Dublin 22 (telephone: +353 1 404 1000). The Company's registered office is located at 42 Fitzwilliam Square, Dublin 2, Ireland and is the holding company for its direct and indirect share and loan interests in subsidiaries, joint ventures and associates. From Group headquarters, a small team of executives exercises strategic control over its decentralised operations.

For reporting purposes, the Group is organised into six business segments comprising Europe Materials (including activities in China and India), Americas Materials (in the United States), Europe Products (including activities in Australia), Americas Products (in the United States, Mexico, Canada, Chile and Argentina), Europe Distribution and Americas Distribution (in the United States). The activities of the various segments are briefly described below as follows:

Materials businesses (**Materials Businesses**) are predominantly engaged in the production and sale of a range of primary materials including cement, aggregates, readymixed concrete, asphalt/bitumen and agricultural and/or chemical lime.

Products businesses (**Products Businesses**) are predominantly engaged in the production and sale of architectural and structural concrete products, clay products, fabricated and tempered glass products, construction accessories and the provision of a wide range of interrelated products and services to the construction sector.

Distribution businesses (**Distribution Businesses**) encompass builders merchandising activities and DIY stores engaged in the marketing and sale of supplies to the construction sector and to the general public.

As a result of planned geographic diversification since the mid-1970s, and most particularly in the period 2001 to 2008, the Group has expanded by acquisition and organic growth into an international manufacturer and supplier of building materials. CRH now has operations in 36 countries, mainly in Western Europe and North America as well as, to a lesser degree, in developing economies in Eastern Europe, South America, the Mediterranean basin, China and India, employing approximately 76,000 people at over 3,500 locations.

Strategy

The Group built, and continues to develop, a portfolio that is well balanced across geographies, products and end-use sectors targeting residential, non-residential and infrastructure construction markets. The Group's portfolio benefits from a good equilibrium between new build and repair, maintenance and improvement (**RMI**) segments. In developed markets, CRH's strategy focus is to create, build and grow clustered groups of businesses with significant local market positions, increasing their presence from time to time by larger step-out transactions to create new platforms for expansion.

For Materials Businesses, the main focus remains on providing extensive reserves of stone to support the Group's cement, aggregates, asphalt and readymixed concrete activities. CRH's strategy is to build vertically integrated operations generating significant in-house demand for the Group's resource-backed capacities while leveraging capabilities and expertise across local, regional and national markets.

In Products Businesses CRH's focus is to optimise its production networks in core regions through selective acquisition activity, capital investment and, where necessary, restructuring. This involves an on-going portfolio review process aimed at identifying those businesses which the Group wishes to actively develop, those the Group wishes to sustain for their on-going cash generating characteristics and those which the Group considers appropriate to divest. Product innovation and sustainability is a key consideration in this review process.

In relation to Distribution Businesses, the Group's strategy is directed at building size and scale in core RMI markets; driving value through scalable processes, enhanced procurement opportunities and building new channel opportunities.

In developing markets, CRH views opportunities of the Materials Businesses segment as providing the most suitable initial entry point for CRH given the basic building needs in these regions. However, as these markets become more sophisticated the Group's development strategy will focus on development of Products Businesses and Distribution Businesses opportunities. However, this process is expected to be long-term in nature and will depend on the pace of maturation of individual, national and regional markets. Across the various business segments the Group's approach is to combine the large scale disciplines of CRH with the entrepreneurial skills of the Group's local management. In creating and developing the Group the priority has always been for financial returns from both CRH's bolt-on development activity in existing markets and CRH's expansions into new product segments and new markets.

Europe Materials

Europe Materials' strategy is to build strong vertically integrated regional positions. Operating in 17 countries, the business is founded in resource-backed cement and aggregates assets which support the manufacture and supply of aggregates, concrete and asphalt products. With a network of well-invested facilities, Europe Materials focuses on operational excellence initiatives which include production efficiencies, greater use of alternative fuels and manufacture of low carbon cements, while the scale of its operations provides economies in purchasing and logistics management.

Development focus is centred on bolt-on acquisitions for synergies, reserves and further vertical integration in addition to opportunities in contiguous regions to extend and strengthen regional positions. Europe Materials has championed CRH's entry into developing markets that offer long-term growth potential, with entry via cement and aggregates assets and the potential to roll out its operational excellence programmes and vertical integration approach over time. In total, Europe Materials employs approximately 10,700 people at close to 590 locations.

Americas Materials

Americas Materials' strategy is to build strong regional positions underpinned by well-located, long-term reserves. Operating in 44 states with 13 billion tonnes of permitted aggregates reserves of which 80% are owned, this business is vertically integrated from primary resource quarries into aggregates, asphalt and readymixed concrete products. With 65% exposure to infrastructure, the business is further integrated into asphalt paving services through which it is a principal supplier of products to US highway repair and maintenance demand.

Its national network of operations and deep local market knowledge drive local performance and national synergies in procurement, cost management and operational excellence. In a largely unconsolidated sector where the top ten industry participants account for just 30% of US aggregates production, 25% of asphalt production and 20% of readymixed concrete production, CRH is structured and positioned to participate as the industry consolidates further. Americas Materials employs approximately 18,300 people at close to 1,200 operating locations.

Europe Products

Europe Products' strategy is to build and grow scalable businesses in the large European construction markets. The strategy is delivered by increasing the penetration of CRH products, developing positions to benefit from scale and best practice. It creates competitive advantage through product, process and end-use innovation, while maintaining a balanced exposure to demand drivers.

Operating in 21 countries, this business is a regional leader in concrete products, concrete landscaping, clay products, construction accessories and outdoor security. Leveraging the benefits of its regional platforms, it realises operational and procurement synergies across the network. Pan-European product development provides construction solutions which increase efficiencies on site, creating more design freedom for architects while enhancing the built environment and reducing energy consumption of buildings. Europe Products' development strategy is to further penetrate the growing RMI markets of developed Europe and to broaden the product range in developing regions as construction markets in those regions become more sophisticated. This segment employs approximately 16,100 people at close to 400 operating locations.

Americas Products

Americas Products' strategy is to build an optimised portfolio of businesses which offer leadership positions across a balanced range of product markets and end-use segments. Americas Products activities are organised into three product groups under the Oldcastle name: (i) Architectural Products (concrete masonry and hardscapes, clay brick, packaged lawn and garden products, packaged cement mixes and fencing), (ii) Precast (utility, drainage and structural precast, construction accessories) and (iii) BuildingEnvelope™ (glass and aluminium glazing systems). A co-ordinated approach at both national and regional levels achieves economies of scale and facilitates sharing of best practices which drive operational and commercial improvement. Through Oldcastle's North American research and development centres, a continuous pipeline of innovative value-added products and design solutions is maintained.

Operating in 40 states in the United States, CRH has the breadth of product range and national footprint to provide a national service to customers with the personal touch of a local supplier.

Focussing on strategic and national accounts, the Oldcastle initiative provides an additional platform for growth as it is uniquely positioned in the industry to offer solutions to customers across all phases of building construction. Employees total approximately 15,500 at over 400 locations.

Europe Distribution

Europe Distribution's strategy is to seek opportunities to increase its network density in the largely unconsolidated core European markets while also investing in other attractive segments of building materials distribution. Organisational initiatives leverage expertise between DIY and builders merchants and use best-in-class IT to deliver operational excellence, optimise the supply chain and provide superior customer service.

From a solid base in the Netherlands, CRH has extensively expanded its leading builders merchants positions in Switzerland, Germany, Austria and France in addition to growing its DIY "Gamma" format in the Benelux. Substantial opportunities remain to increase its existing network in core European markets and to establish new platforms aimed at growing its exposure to RMI market demand. An example is CRH's entry into the developing Sanitary, Heating and Plumbing (SHAP) distribution market through the acquisition of a Swiss provider of high-end sanitary ware, since replicated in contiguous markets in Germany and Belgium. Europe Distribution employs approximately 11,900 people at over 780 operating locations.

Americas Distribution

Americas Distribution's strategy is focussed on being the supplier of choice to the professional roofing and siding contractor and to applying this successful distribution model to the Interior Products demand segment. Demand in the Exterior Products business is largely influenced by residential and commercial replacement activity with the key products having an average life span of 25 years. The Interior Products division has less exposure to replacement activity as demand is largely driven by the new commercial construction market. State-of-the-art IT, disciplined and focussed cash management and well-established procurement and commercial systems support supply chain optimisation and enable CRH to provide superior customer service.

Growth opportunities for Americas Distribution include investment in new regions, in complementary private label and energy-efficient product offerings, and in other attractive building materials distribution segments that service professional dealer networks. Employees total approximately 3,500 at over 180 operating locations across 31 states.

REMITTANCE OF RENMINBI INTO AND OUTSIDE THE PRC

Renminbi is not a freely convertible currency. The remittance of Renminbi into and outside the PRC is subject to control imposed under PRC law.

Current Account Items

Under the PRC foreign exchange control regulations, current account item payments include payments for imports and exports of goods and services, payments of income and current transfers into and outside the PRC.

Prior to July 2009, all current account items were required to be settled in foreign currencies. Since July 2009, the PRC has commenced a pilot scheme pursuant to which Renminbi may be used for settlement of imports and exports of goods between approved pilot enterprises in five designated cities in the PRC including Shanghai, Guangzhou, Dongguan, Shenzhen and Zhuhai and enterprises in designated offshore jurisdictions including Hong Kong and Macau. In June 2010 and August 2011 respectively, the PRC government promulgated the Circular on Issues concerning the Expansion of the Scope of the Pilot Programme of Renminbi Settlement of Cross-Border Trades and the Circular on Expanding the Regions of Cross-border Trade Renminbi Settlement, two Circulars with regard to the expansion of designated cities and offshore jurisdictions implementing the pilot Renminbi settlement scheme for cross-border trades. Pursuant to these Circulars, (i) Renminbi settlement of imports and exports of goods and of services and other current account items became permissible, (ii) the list of designated pilot districts was expanded to cover all provinces and cities in the PRC, and (iii) the restriction on designated offshore districts has been lifted. Accordingly, any enterprises in the designated pilot districts and offshore enterprises are entitled to use Renminbi to settle imports of goods and services and other current account items between them. Renminbi remittance for exports of goods from the PRC may only be effected by approved pilot enterprises in designated pilot districts in the PRC. On 3 February 2012, PBOC and five other PRC Authorities (the **Six Authorities**) jointly issued the Notice on Matters Relevant to the Administration of Enterprises Engaged in Renminbi Settlement of Export Trade in Goods (the **2012 Circular**). Under the 2012 Circular, any enterprise qualified for the export and import business is permitted to use Renminbi as settlement currency for exports, provided that the relevant provincial government has submitted to the Six Authorities a list of key enterprises subject to supervision and the Six Authorities have verified and signed off on such list. On 12 June 2012, the PBOC issued a notice stating that the Six Authorities had jointly verified and announced a list of 9,502 exporting enterprises subject to supervision and as a result any enterprise qualified for the export and import business is permitted to use Renminbi as settlement currency for exports.

As new regulations, the circulars will be subject to interpretation and application by the relevant PRC authorities. Further, if any new PRC regulations are promulgated in the future which have the effect of permitting or restricting (as the case may be) the use of Renminbi for payment of transactions categorised as current account items, then such settlement will need to be made subject to the specific requirements or restrictions set out in such rules. Local authorities may adopt different practices in applying these circulars and impose conditions for settlement of current account items.

Capital Account Items

Under the applicable PRC foreign exchange control regulations, capital account items include crossborder transfers of capital, direct investments, securities investments, derivative products and loans. Capital account payments are generally subject to approval of the relevant PRC authorities.

On 7 April 2011, the Shanghai Bureau of the State Administration of Foreign Exchange (**SAFE**) issued the Notice on Relevant Issues regarding Streamlining the Business Operation of Cross-border RMB Capital Account Items, which clarifies that the borrowing by an onshore entity (including a

financial institution) of Renminbi loans from an offshore creditor shall in principle follow the current regulations on borrowing foreign debts and the provision by an onshore entity (including a financial institution) of external guarantees in Renminbi shall in principle follow the current regulations on the provision of external guarantees in foreign currencies.

On 12 October 2011, MOFCOM promulgated the MOFCOM Circular, and pursuant to which, MOFCOM's prior written consent, which was previously required, is no longer required for RMB FDI, and MOFCOM and its local counterparts are authorised to approve RMB FDI in accordance with existing PRC laws and regulations regarding foreign investment, with the following exceptions which require the preliminary approval by the provincial counterpart of MOFCOM and the consent of MOFCOM in advance: (i) RMB FDI with the capital contribution in Renminbi of CNY300 million or more; (ii) RMB FDI in financing guarantee, financial leasing, micro financing or auction industries; (iii) RMB FDI in foreign invested investment companies, venture capital or equity investment enterprises; or (iv) RMB FDI in the cement, iron and steel, electrolytic aluminum, shipbuilding or other policy sensitive sectors. In addition, RMB FDI in the real estate sector is allowed following the existing rules and regulations of foreign investment in real estate, although Renminbi foreign debt remains unavailable to foreign invested real estate enterprises. The MOFCOM Circular also requires that the proceeds of RMB FDI may not be used towards investment in securities, financial derivatives or entrustment loans in the PRC, except for investments in the PRC domestic listed companies through private placements or share transfers by agreement.

On 13 October 2011, the PBOC issued the PBOC RMB FDI Measures which set out operating procedures for PRC banks to handle RMB settlement relating to RMB FDI and borrowing by foreign invested enterprises of offshore RMB loans. Prior to the PBOC RMB FDI Measures, cross-border RMB settlement for RMB FDI has required approvals on a case-by-case basis from the PBOC. The new rules replace the PBOC approval requirement with less onerous post-event registration and filing requirements. The PBOC RMB FDI Measures provide that, among others, foreign invested enterprises are required to conduct registrations with the local branch of PBOC within ten working days after obtaining the business licences for the purpose of Renminbi settlement; a foreign investor is allowed to open a Renminbi expense account to reimburse some expenses before the establishment of an foreign invested enterprise and the balance in such an account can be transferred to the Renminbi capital account of such foreign invested enterprise when it is established; commercial banks can remit a foreign investor's Renminbi proceeds from distribution (dividends or otherwise) by its PRC subsidiaries out of the PRC after reviewing certain requisite documents; if a foreign investor intends to use its Renminbi proceeds from distribution (dividends or otherwise) by its PRC subsidiaries, the foreign investor may open a Renminbi re-investment account to receive such Renminbi proceeds; and the PRC parties selling a stake in domestic enterprises to foreign investors can open Renminbi accounts and receive the purchase price in Renminbi paid by such foreign investors.

As new regulations, such notices will be subject to interpretation and application by the relevant PRC authorities. There is no assurance that approval of such remittances, borrowing or provision of external guarantee in Renminbi will continue to be granted or will not be revoked in the future. Further, since the remittance of Renminbi by way of investment or loans are now categorised as capital account items, such remittances will need to be made subject to the specific requirements or restrictions set out in the relevant SAFE rules. If any new PRC regulations are promulgated in the future which have the effect of permitting or restricting (as the case may be) the remittance of Renminbi for payment of transactions categorised as capital account items, then such remittances will need to be made subject to the specific requirements or restrictions set out in such rules.

TAXATION

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of Notes and is a summary of the Issuers' understanding of current United Kingdom tax law and HM Revenue & Customs (HMRC) published practice relating to United Kingdom withholding tax on payments of interest in respect of the Notes and certain provision of information requirements. It is not intended to be exhaustive. It does not deal with any of the other United Kingdom tax implications of acquiring, holding or disposing of the Notes. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuers) to whom special rules may apply. It assumes that none of CRH Finance Limited, CRH Funding B.V., CRH Germany, CRH Finance SAS, CRH Finland, CRH Switzerland or CRH plc is a United Kingdom resident or acts through a permanent establishment in the United Kingdom in relation to the Notes. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Interest on the Notes issued by CRH Finance (U.K.) plc

Payment of interest on the Notes

There is no United Kingdom withholding tax on interest payments made in respect of securities which are issued by a company and are "listed" on a recognised stock exchange, as such term is defined in section 1005 of the Income Tax Act 2007. The Irish Stock Exchange and SIX Swiss Exchange are recognised stock exchanges for these purposes. The Notes will satisfy the requirement of being "listed" on either of these exchanges if they are officially listed in Ireland or Switzerland respectively in accordance with provisions corresponding to those generally applicable in EEA States and are admitted to trading on the main market of the Irish Stock Exchange or the SIX Swiss Exchange. Provided, therefore, that the Notes issued by CRH Finance UK are and remain so listed, interest on such Notes will be payable by CRH Finance UK without withholding or deduction on account of United Kingdom income tax.

Interest on the Notes issued by CRH Finance UK may also be payable without withholding or deduction on account of United Kingdom income tax where the interest is paid by CRH Finance UK and at the time the payment is made CRH Finance UK reasonably believes that the beneficial owner of the interest is within the charge to United Kingdom corporation tax in respect of the payment or falls within a list of specified entities and bodies, provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on the Notes issued by CRH Finance UK will also be payable without withholding or deduction on account of United Kingdom income tax in cases where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing capable of or intended to be capable of remaining outstanding for more than 364 days. In other cases, an amount must generally be withheld from payments of interest on the Notes by CRH Finance UK on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to the availability of other reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to CRH Finance UK to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty, as applicable).

Interest on Notes issued by CRH Finance Limited, CRH Funding B.V., CRH Germany, CRH Finance SAS, CRH Finland and CRH Switzerland

Payments of interest by the relevant Issuer on the Notes issued by CRH Finance Limited, CRH Funding B.V., CRH Germany, CRH Finance SAS, CRH Finland and CRH Switzerland as applicable, may be made without withholding or deduction on account of United Kingdom income tax on the basis that the interest is not expected to have a UK source. If such payments do have a UK source, the comments above in respect of the Notes issued by CRH Finance (U.K.) plc will be relevant to payments of interest by the relevant Issuer on Notes issued by CRH Finance, CRH Funding B.V., CRH Germany, CRH Finance SAS, CRH Finland and CRH Switzerland as applicable.

Payments in respect of the Guarantee

If the Guarantor makes any payments in respect of interest on the Notes (or other amounts due under the Notes other than the repayment of amounts subscribed for the Notes), such payments may be subject to United Kingdom withholding tax at the basic rate, subject to the availability of other reliefs or to any direction to the contrary from HMRC in respect of such relief as may be available pursuant to the provisions of any applicable double taxation treaty.

Provision of Information

HMRC has powers, in certain circumstances, to obtain information about: payments derived from securities (whether income or capital); certain payments of interest (including the amount payable on the redemption of a deeply discounted security); and securities transactions.

The persons from whom HMRC can obtain information include: a person who receives (or is entitled to receive) a payment derived from securities; a person who makes such a payment (received from, or paid on behalf of another person); a person by or through whom interest is paid or credited; a person who effects or is a party to securities transactions (which includes an issue of securities) on behalf of others; registrars or administrators in respect of securities transactions; and each registered or inscribed holder of securities.

The information HMRC can obtain includes: details of the beneficial owner of securities; details of the person for whom the securities are held, or the person to whom the payment is to be made (and, if more than one, their respective interests); information and documents relating to securities transactions; and, in relation to interest paid or credited on money received or retained in the United Kingdom, the identity of the security under which interest is paid. HMRC is generally not able to obtain information (under its power relating solely to interest) about a payment of interest to (or a receipt for) a person that is not an individual. This limitation does not apply to HMRC's power to obtain information about payments derived from securities.

HMRC has indicated that it will not use its information-gathering power on interest to obtain information about amounts payable on the redemption of deeply discounted securities which are paid before 6 April 2014.

In certain circumstances the information which HMRC has obtained using these powers may be exchanged with tax authorities in other jurisdictions.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code (**FATCA**) impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to any non-U.S. financial institution (a "foreign financial institution", or **FFI** (as defined by FATCA)) that does not become a **Participating FFI** by entering into an agreement with the U.S. Internal Revenue Service (**IRS**) to provide the IRS with certain information in respect of its account holders and investors or is

not otherwise exempt from or in deemed compliance with FATCA. The relevant Issuer may be classified as an FFI.

The new withholding regime will be phased in beginning 1 January 2014 for payments from sources within the United States and will apply to **foreign passthru payments** (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the **grandfathering date**, which is the later of (a) 1 January 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued before the grandfathering date, and additional Notes of the same series are issued on or after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an **IGA**). Pursuant to FATCA and the “Model 1” and “Model 2” IGAs released by the United States, an FFI in an IGA signatory country could be treated as a **Reporting FI** not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being **FATCA Withholding**) from payments it makes (unless it has agreed to do so under the U.S. “qualified intermediary,” “withholding foreign partnership,” or “withholding foreign trust” regimes). The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments [and payments that it makes to Recalcitrant Holders]. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and the United Kingdom have entered into an agreement (the **US-UK IGA**) based largely on the Model 1 IGA.

[If the relevant Issuer becomes a Participating FFI under FATCA, the relevant Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA.

If an amount in respect of FATCA Withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Notes, neither the relevant Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the relevant Issuer, the Guarantor, any paying agent and the Common Depositary/Common Safekeeper, given that each of the entities in the payment chain between the relevant Issuer and the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be **subject to FATCA Withholding**. However, definitive notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax

advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

Irish Taxation

The following is a summary of the principal Irish tax consequences for individuals and companies of ownership of the Notes based on the laws and practice of the Irish Revenue Commissioners currently in force in Ireland and may be subject to change. It deals with Noteholders who beneficially own their Notes and Coupons thereon as an investment. Particular rules not discussed below may apply to certain classes of taxpayers holding Notes, such as dealers in securities, trusts etc. The summary does not constitute tax or legal advice and the comments below are of a general nature only. Prospective investors in the Notes should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of interest thereon under the laws of their country of residence, citizenship or domicile.

Withholding Tax

In general, tax at the standard rate of income tax (currently 20 per cent.), is required to be withheld from payments of Irish source interest which should include interest payable on the Notes issued by CRH Finance Limited, CRH Finance (U.K.) plc, CRH Funding B.V., CRH Finance Germany GmbH, CRH Finance SAS, CRH Finland Services Oyj and CRH Finance Switzerland AG should not be obliged to withhold Irish tax from payments of interest on Notes issued by them so long as such payments do not constitute Irish source income. Interest on Notes issued by CRH Finance (U.K.) plc and CRH Funding B.V. may be treated as having an Irish source if:

- (a) an Issuer is resident in Ireland for tax purposes; or
- (b) an Issuer is not resident in Ireland for tax purposes but the register for the Notes is maintained in Ireland or, where the Notes are in bearer form, the Notes are physically held in Ireland; or
- (c) the assets relating to the Notes are attributed to an Irish branch or agency of an Issuer.

An Issuer will not be obliged to make a withholding or deduction for or on account of Irish income tax from a payment of Irish source interest on a Note so long as the interest paid on the relevant Note falls within one of the following categories:

- (a) **Interest paid on a quoted Eurobond:** A quoted Eurobond is a security which is issued by a company (such as the Issuers), is listed on a recognised stock exchange and carries a right to interest. Provided that the Notes issued under this Programme are interest bearing and are listed on the Irish Stock Exchange (or any other recognised stock exchange), interest paid on them can be paid free of withholding tax provided:
 - (i) the person by or through whom the payment is made is not in Ireland; or
 - (ii) the payment is made by or through a person in Ireland and either:

- (A) the Note is held in a clearing system recognised by the Irish Revenue Commissioners; (DTC, Euroclear and Clearstream, Luxembourg are, amongst others, so recognised); or
- (B) the person who is the beneficial owner of the quoted Eurobond and who is beneficially entitled to the interest is not resident in Ireland and has made a declaration to a relevant person (such as a paying agent located in Ireland) in the prescribed form.

Thus, so long as the Notes continue to be quoted on a recognised stock exchange and are held in a recognised clearing system, interest on the Notes can be paid by any Paying Agent acting on behalf of the Issuers without any withholding or deduction for or on account of Irish income tax. If the Notes continue to be quoted but cease to be held in a recognised clearing system, interest on the Notes may be paid without any withholding or deduction for or on account of Irish income tax provided such payment is made through a paying agent that is not in Ireland.

- (b) **Short interest:** Short interest is interest payable on a debt for a fixed period that is not intended to exceed, and, in fact, does not exceed, 364 days. The test is a commercial test applied to the commercial intent of each series of Notes issued under the Program. For example, if there is an arrangement or understanding (whether legally binding or not) for the relevant series of Notes (or particular Note within a series) to have a life of 365 days or more, the interest paid on the relevant Note(s) will not be short interest and, unless an exemption applies, a withholding will arise.
- (c) **Interest paid on a wholesale debt instrument:** A “wholesale debt instrument” includes commercial paper (as defined in Section 246A(1) of the Taxes Consolidation Act, 1997, of Ireland (the **TCA**)). In that context “commercial paper” means a debt instrument, either in physical or electronic form, relating to money in any currency, which is issued by a company, recognises an obligation to pay a stated amount, carries a right to interest or is issued at a discount or at a premium, and matures within 2 years. The exemption from Irish withholding tax applies if:
 - (i) the wholesale debt instrument is held in a recognised clearing system (DTC, Euroclear and Clearstream, Luxembourg are, amongst others, so recognised); and
 - (ii) the wholesale debt instrument is of an approved denomination; and in this context an approved denomination means a denomination of not less than:
 - (A) in the case of an instrument denominated in euro, €500,000;
 - (B) in the case of an instrument denominated in U.S. dollars, US\$500,000; or
 - (C) in the case of an instrument denominated in a currency other than euro or United States Dollars, the equivalent in that other currency of €500,000 using the conversion rate applicable at the time the programme under which the instrument is to be issued is first publicised).
- (d) **Interest paid in the ordinary course of business to certain non-Irish resident companies:** If, for any reason, the exemptions referred to above cease to apply, interest payments may still be made free of withholding tax provided that the interest is paid in the ordinary course of an Issuer’s business and the Noteholder is a company which is either (i) resident in a Relevant Territory which imposes a tax that generally applies to interest receivable in that Relevant Territory by companies from sources outside that Relevant Territory or (ii) in respect of that interest exempted from the charge to Irish income tax under

the terms of a double tax agreement which is either in force or which will come into force once all ratification procedures have been completed, and in each of (i) and (ii) does not receive the interest in connection with a trade or business carried on by it through a branch or agency in Ireland. A Relevant Territory is a Member State of the European Union (other than Ireland) or in a country with which Ireland has a double taxation agreement in force at the time of payment or that is signed at the time of payment and which will come into force once all ratification procedures have been completed (**Relevant Territory**).

An Issuer must be satisfied that the respective terms of the exemptions are satisfied. The test of residence in each case is determined by reference to the law of the Relevant Territory in which the Noteholder claims to be resident. For other holders of Notes, interest may be paid free of withholding tax if the Noteholder is resident in a double tax treaty country and under the provisions of the relevant treaty with Ireland such Noteholder is exempt from Irish tax on the interest and clearance in the prescribed form has been received by the Issuer before the interest is paid.

Encashment Tax

In certain circumstances, Irish tax will be required to be withheld at the standard rate of income tax (currently 20 per cent.) from interest on any Note, where such interest is collected or realised by a bank or encashment agent in Ireland on behalf of any Noteholder. There is an exemption from encashment tax where the beneficial owner of the interest is not resident in Ireland and has made a declaration to this effect in the prescribed form to the encashment agent or bank.

Income Tax and the Universal Social Charge

Notwithstanding that a Noteholder may receive interest on the Notes free of withholding tax, the Noteholder may still be liable to pay Irish tax with respect to such interest. Noteholders resident or ordinarily resident in Ireland who are individuals may be liable to pay Irish income tax, social insurance (PRSI) contributions and the universal social charge in respect of interest they receive on the Notes. Interest with an Irish source which is received on the Notes will be within the charge to Irish income tax and the universal social charge. Noteholders who are non-resident individuals may be liable to pay income tax and the universal social charge in respect of such interest they received on the Notes. Ireland operates a self-assessment system in respect of income tax and any person, including a person who is neither resident nor ordinarily resident in Ireland, with Irish source income comes within its scope.

There are a number of exemptions from Irish income tax which may apply to Noteholders. Interest payments made by an Issuer in the ordinary course of its business are exempt from income tax provided the recipient is not resident in Ireland and is a company which is either (i) resident in a Relevant Territory which imposes a tax that generally applies to interest receivable in that Relevant Territory by companies from sources outside that Relevant Territory or (ii) in respect of that interest, exempted from the charge to Irish income tax under the terms of a double tax agreement which is either in force or which is signed and will come into force once all ratification procedures have been completed. In addition, any interest which can be paid by an Issuer free of withholding tax under the quoted Eurobond or wholesale debt instrument exemptions is exempt from income tax where the recipient is a person not resident in Ireland and resident in a Relevant Territory. Further, discount on the Notes arising to a person who is not resident in Ireland and who is resident for tax purposes in a Relevant Territory will be exempt from Irish income tax provided that the Notes have been issued by the Issuer in the ordinary course of a trade or business carried on by the Issuer. For these purposes, residence is determined under the terms of the relevant double taxation agreement or in any other case, the law of the country in which the recipient claims to be resident. Interest that is exempt from income tax under any of these exemptions is also exempt from the universal social charge.

Notwithstanding these exemptions from income tax, a corporate recipient that carries on a trade in Ireland through a branch or agency in respect of which the Notes are held or attributed may have a liability to Irish corporation tax on the interest.

Relief from Irish income tax and the universal social charge may also be available under the specific provisions of a double tax treaty between Ireland and the country of residence of the recipient.

Interest on the Notes which does not fall within the above exemptions may be within the charge to income tax and, in the case of Noteholders who are individuals, the charge to the universal social charge. However, it is understood that the Irish Revenue Commissioners have, in the past, operated a practice not to take any action to pursue any liability to income tax in respect of persons who are not regarded as being resident in Ireland except where such persons have a taxable presence of some sort in Ireland or seek to claim any relief or repayment in respect of Irish tax. There can be no assurance that the Irish Revenue Commissioners will apply this practice in the case of any Noteholder.

Capital Gains Tax

A holder of Notes will not be subject to Irish tax on capital gains on a disposal of Notes unless such holder is either resident or ordinarily resident in Ireland or carries on a trade or business in Ireland through a branch or agency in respect of which the Notes were used or held, or the Notes derive the greater part of their value directly or indirectly from Irish land or minerals.

Capital Acquisitions Tax

A gift or inheritance comprising of Notes will be within the charge to capital acquisitions tax (which subject to available exemptions and reliefs, is currently levied at 33 per cent.) if either (i) the disponent or the donee/successor in relation to the gift or inheritance is resident or ordinarily resident in Ireland on the relevant date or (ii) if the Notes are regarded as property situate in Ireland (i.e. if the Notes are physically located in Ireland or if the register of the Notes is maintained in Ireland). A foreign domiciled individual will not be regarded as being resident or ordinarily resident in Ireland at the date of the gift or inheritance unless that individual: (i) has been resident in Ireland for the five consecutive tax years preceding that date; and (ii) is either resident or ordinarily resident in Ireland on that date.

EU Savings Directive

Ireland has implemented the EC Council Directive 2003/48/EC on the taxation of savings; income into national law. Accordingly, any Irish paying agent making an interest payment on behalf of the Issuer to an individual or certain residual entities resident in another Member State of the European or certain associated and dependent territories of a Member State will have to provide details of the payment and certain details relating to the Noteholder (including the Noteholder's name and address) to the Irish Revenue Commissioners who in turn is obliged to provide such information to the competent authorities of the state or territory of residence of the individual or residual entity concerned.

The Issuer or its agent shall be entitled to require Noteholders to provide any information regarding their tax status, identity or residency in order to satisfy the disclosure requirements in Directive 2003/48/EC and Noteholders will be deemed by their subscription for Notes to have authorised the automatic disclosure of such information by the Issuer or its agent or any other person to the relevant tax authorities.

Stamp Duty

Irish stamp duty will not be levied on the issue or redemption of the Notes. A transfer of Notes in bearer form by physical delivery only, and not otherwise, will not attract Irish stamp duty. A transfer of Notes by instrument in writing or effected through an approved or recognised relevant system as

provided for in the Companies Act, 1990 (Uncertificated Securities) Regulations, 1996 will be subject to Irish stamp duty at a rate of 1 per cent. except where:

- (a) the Notes meet all of the following conditions:
 - (i) the Notes are not convertible into shares of a company registered in Ireland;
 - (ii) the Notes are not issued at a discount of more than 10 per cent;
 - (iii) the Notes do not carry rights akin to share rights; and
 - (iv) the Notes do not carry a right to a payment linked to an index or indices,

OR

- (b) the Notes meet all of the following conditions:
 - (i) the Notes are issued outside Ireland;
 - (ii) are denominated in a currency other than euro;
 - (iii) are not offered for subscription in Ireland nor offered for subscription in Ireland with a view to an offer for sale in Ireland.

OR

- (c) the Notes meet all of the following conditions:
 - (i) the Notes are issued by a company which is not registered in Ireland; and
 - (ii) the instrument of conveyance or transfer of the Notes does not relate to any immoveable property in Ireland or any stocks or marketable securities of a company registered in Ireland.

Dutch Taxation

Introduction

The following summary does not purport to be a comprehensive description of all Netherlands tax considerations that could be relevant for holders of the Notes. This summary is intended as general information only. Each prospective holder should consult a professional tax adviser with respect to the tax consequences of an investment in the Notes. This summary is based on Netherlands tax legislation and published case law in force as of the date of this document. It does not take into account any developments or amendments thereof after that date, whether or not such developments or amendments have retroactive effect.

For the purpose of this summary, “the Netherlands” shall mean the part of the Kingdom of the Netherlands in Europe.

Assumptions

For the purpose of this summary it is assumed that:

- (i) each transaction with respect to Notes is at arm’s length; and
- (ii) that none of CRH Finance, CRH Finance UK, CRH Germany, CRH Finance SAS, CRH Finland, CRH Switzerland or the Guarantor are considered residents of The Netherlands for Netherlands tax purposes.

Scope

Regardless of whether or not a holder of Notes is, or is treated as being, a resident of the Netherlands, with the exception of the section on withholding tax below, this summary does not address the Netherlands tax consequences for such a holder:

- (i) having a substantial interest (*aanmerkelijk belang*) in an Issuer (such a substantial interest is generally present if an equity stake of at least 5%, or a right to acquire such a stake, is held, in each case by reference to the Issuer's total issued share capital, or the issued capital of a certain class of shares);
- (ii) who is a private individual and may be taxed in box 1 for the purposes of Netherlands income tax (*inkomstenbelasting*) as an entrepreneur (*ondernemer*) having an enterprise (*onderneming*) to which the Notes are attributable, or who may otherwise be taxed in box 1 with respect to benefits derived from the Notes;
- (iii) which is a corporate entity and a taxpayer for the purposes of Netherlands corporate income tax (*vennootschapsbelasting*), having a participation (*deelneming*) in an Issuer (such a participation is generally present in the case of an interest of at least 5% of the Issuer's nominal paid-in capital);
- (iv) which is a corporate entity and an exempt investment institution (*vrijgestelde beleggingsinstelling*) or investment institution (*beleggingsinstelling*) for the purposes of Netherlands corporate income tax, a pension fund, or otherwise not a taxpayer or exempt for tax purposes;
- (v) that is resident of Aruba, Curaçao or Sint Maarten; or
- (vi) which is not considered the beneficial owner (*uiteindelijk gerechtigde*) of the Notes and/or the benefits derived from the Notes.

This summary does not describe the Netherlands tax consequences for a person to whom the Notes are attributed on the basis of the separated private assets provisions (*afgezonderd particulier vermogen*) in the Netherlands Tax Act 2001 (*Wet inkomstenbelasting 2001*) and/or the Netherlands Gift and Inheritance Tax Act 1956 (*Successiewet 1956*).

Withholding tax

All payments made by CRH Finance, CRH Finance UK, CRH Germany, CRH Finance SAS, CRH Finland, CRH Switzerland or the Guarantor under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

All payments made by CRH Funding B.V. under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, provided that the Notes do not in fact function as equity of CRH Funding B.V. within the meaning of art. 10, paragraph 1, letter d, the Netherlands Corporate Income Tax Act (*Wet op de vennootschapsbelasting 1969*).

Income tax

Resident holders: A holder who is a private individual and a resident, or treated as being a resident of the Netherlands for the purposes of Netherlands income tax, must record Notes as assets that are held in box 3. Taxable income with regard to the Notes is then determined on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return is fixed at a rate of 4% of the

holder's yield basis (*rendementsgrondslag*) at the beginning of the calendar year, insofar as the yield basis exceeds a certain threshold (*heffingvrij vermogen*). Such yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Notes, less the fair market value of certain qualifying liabilities at the beginning of the calendar year. The fair market value of the Notes will be included as an asset in the holder's yield basis. The deemed return on income from savings and investments is taxed at a rate of 30%.

Non-resident holders: A holder who is a private individual and neither a resident, nor treated as being a resident of the Netherlands for the purposes of Netherlands income tax, will not be subject to such tax in respect of benefits derived from the Notes unless such holder is entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise which is effectively managed in the Netherlands, to which enterprise the Notes are attributable.

Corporate income tax

Resident holders: A holder which is a corporate entity and for the purposes of Netherlands corporate income tax a resident (or treated as being a resident) of the Netherlands, is taxed in respect of benefits derived from the Notes at rates of up to 25%.

Non-resident holders: A holder which is a corporate entity and for the purposes of Netherlands corporate income tax neither a resident, nor treated as being a resident, of the Netherlands, will not be subject to corporate income tax, unless such holder has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands, a Netherlands Enterprise (*Nederlandse onderneming*), to which Netherlands Enterprise the Notes are attributable, or such holder is (other than by way of securities) entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Notes are attributable. Such holder is taxed in respect of benefits derived from the Notes at rates of up to 25%.

Gift and inheritance tax

Resident holders: Netherlands gift tax or inheritance tax (*schenk- of erfbelasting*) will arise in respect of an acquisition (or deemed acquisition) of Notes by way of a gift by, or on the death of, a holder of Notes who is a resident, or treated as being a resident, of the Netherlands for the purposes of Netherlands gift and inheritance tax.

Non-resident holders: No Netherlands gift tax or inheritance tax will arise in respect of an acquisition (or deemed acquisition) of Notes by way of a gift by, or on the death of, a holder of Notes who is neither a resident, nor treated as being a resident, of the Netherlands for the purposes of Netherlands gift and inheritance tax.

Other taxes

No Netherlands turnover tax (*omzetbelasting*) will arise in respect of any payment in consideration for the issue of Notes, with respect to any cash settlement of Notes or with respect to the delivery of Notes. Furthermore, no Netherlands registration tax, capital tax, transfer tax or stamp duty (nor any other similar tax or duty) will be payable in connection with the issue or acquisition of the Notes.

Taxation in the Federal Republic of Germany

German tax resident investors

The following general overview does not consider all aspects of income taxation in the Federal Republic of Germany (**Germany**) that may be relevant to a holder in the light of the holder's particular circumstances and income tax situation. This general overview is based on German tax laws and

regulations, all as currently in effect and all subject to change at any time, possibly with retroactive effect.

German tax resident investors holding Notes as private assets

Taxation of income from the Notes

If the Notes are held as private assets (*Privatvermögen*) by an individual investor whose residence or habitual abode is in Germany, payments of interest under the Notes are generally taxed as investment income (*Einkünfte aus Kapitalvermögen*) at a 25 per cent. flat tax (*Abgeltungsteuer*) (plus a 5.5 per cent. solidarity surcharge (*Solidaritätszuschlag*) thereon and, if applicable to the individual investor, church tax (*Kirchensteuer*)).

The same applies to capital gains from the sale or redemption of the Notes. The capital gain is generally determined as the difference between the proceeds from the sale or redemption of the Notes and the acquisition costs. Expenses directly and factually related (*unmittelbarer sachlicher Zusammenhang*) to the sale or redemption are taken into account in computing the taxable capital gain. Otherwise the deduction of related expenses for tax purposes is not permitted.

Where the Notes are acquired and/or sold in a currency other than Euro, the acquisition costs will be converted into Euro at the time of acquisition, the sales proceeds will be converted in Euro at the time of sale, and only the difference will then be computed in Euro.

The flat tax is generally collected by way of withholding (see subsequent paragraph – "*Withholding tax*") and the tax withheld shall generally satisfy the individual investor's tax liability with respect to the Notes. If, however, no or not sufficient tax was withheld (e.g., in case there is no Domestic Paying Agent, as defined below) the investor will have to include the income received with respect to the Notes in its annual income tax return. The flat tax will then be collected by way of tax assessment. The investor may also opt for inclusion of investment income in its income tax return if the aggregated amount of tax withheld on investment income during the year exceeded the investor's aggregated flat tax liability on investment income (e.g., because of available losses carried forward or foreign tax credits). If the investor's individual income tax rate which is applicable on all taxable income including the investment income is lower than 25 per cent., the investor may opt to be taxed at individual progressive rates with respect to its investment income.

Capital losses from the sales or redemption of the Notes held as private assets should generally be tax-recognised irrespective of the holding period of the Notes. Any tax-recognised capital losses may not be used to offset other income like employment or business income but may only be offset against investment income. Capital losses not utilised in one annual assessment period may be carried forward into subsequent assessment periods but may not be carried back into preceding assessment periods.

Individual investors are entitled to a saver's lump sum tax allowance (*Sparer-Pauschbetrag*) for investment income of 801 Euro per year (1,602 Euro jointly assessed husband and wife). The saver's lump sum tax allowance is also taken into account for purposes of withholding tax (see subsequent paragraph – "*Withholding tax*") if the investor has filed a withholding tax exemption request (*Freistellungsauftrag*) with the respective Domestic Paying Agent (as defined below). The deduction of related expenses for tax purposes is not permitted.

Withholding tax

If the Notes are kept or administered in a domestic securities deposit account by a German credit institution (*Kreditinstitut*) or financial services institution (*Finanzdienstleistungsinstitut*) (or with a German branch of a foreign credit or financial services institution), or with a German securities trading company (*Wertpapierhandelsunternehmen*) or a German securities trading bank

(*Wertpapierhandelsbank*) (together a **Domestic Paying Agent**) which pays or credits the interest, a 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, resulting in a total withholding tax charge of 26.375 per cent. is levied on the interest payments. The applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for the individual investor.

Capital gains from the sale or redemption of the Notes are also subject to the 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, if the Notes are kept or administered by a Domestic Paying Agent effecting the sale or redemption from the time of their acquisition. If the Notes were sold or redeemed after being transferred to a securities deposit account with another Domestic Paying Agent, 25 per cent. withholding tax (plus solidarity surcharge thereon) would be levied on 30 per cent. of the proceeds from the sale or the redemption, as the case may be, unless the investor or the previous depository bank was able and allowed to provide evidence for the investor's actual acquisition costs to the current Domestic Paying Agent. The applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for the individual investor.

German resident investors holding the Notes as business assets

Taxation of income from the Notes

If the Notes are held as business assets (*Betriebsvermögen*) by an individual or corporate investor which is tax resident in Germany (i.e., a corporation with its statutory seat or place of management in Germany), interest income and capital gains from the Notes are subject to personal income tax at individual progressive rates or corporate income tax (plus a 5.5 per cent. solidarity surcharge thereon and church tax, if applicable) and, in general, trade tax. The effective trade tax rate depends on the applicable trade tax factor (*Gewerbesteuer-Hebesatz*) of the relevant municipality where the business is located. In case of individual investors the trade tax may, however, be partially or fully creditable against the investor's personal income tax liability depending on the applicable trade tax factor and the investor's particular circumstances.

Capital losses from the sale or redemption of the Notes should generally be tax-recognised and may generally be offset against other income.

Withholding tax

If the Notes are kept or administered by a Domestic Paying Agent which pays or credits the interest, a 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, resulting in a total withholding tax charge of 26.375 per cent, is generally levied on the interest payments. The applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for the individual investor.

No withholding is generally required on capital gains from the disposal or redemption of the Notes which is derived by German resident corporate investors and, upon application, by individual investors holding the Notes as assets of a German business, subject to certain requirements.

Any capital losses incurred from the disposal or redemption of the Notes will not be taken into account for withholding tax purposes. The withholding tax does not satisfy the investor's personal or corporate income tax liability with respect to the Notes. The income from the Notes will have to be included in the investor's personal or corporate income tax return.

Any German withholding tax (including surcharges) is generally fully creditable against the investor's personal or corporate income tax liability or refundable, as the case may be.

Non-German tax resident investors

Income derived from the Notes by investors who are not tax resident in Germany is in general not subject to German income taxation, and no withholding tax shall be withheld, provided however (i) the Notes are not held as business assets of a German permanent establishment of the investor or by a permanent German representative of the investor and (ii) the income derived from the Notes does not otherwise constitute German source income (such as income from the letting and leasing of certain property located in Germany) or (iii) the income is paid by a Domestic Paying Agent against presentation of the Notes or interest coupons (so-called over-the-counter transaction, *Tafelgeschäfte*).

If the income derived from the Notes is subject to German taxation according to (i) through (iii) above, the income is subject to German income taxation and withholding tax similar to that described above for German tax residents. Under certain circumstances, foreign investors may benefit from tax reductions or tax exemptions under applicable double tax treaties (*Doppelbesteuerungsabkommen*) entered into with Germany.

Inheritance tax and gift tax

The transfer of Notes to another person by way of gift or inheritance may be subject to German gift or inheritance tax, respectively, if *inter alia*

- (i) the testator, the donor, the heir, the donee or any other acquirer had his residence, habitual abode or, in case of a corporation, association (*Personenvereinigung*) or estate (*Vermögensmasse*), has its seat or place of management in Germany at the time of the transfer of property,
- (ii) except as provided under (i), the testator's or donor's Notes belong to business assets attributable to a permanent establishment or a permanent representative in Germany,

Special regulations may apply to certain German expatriates.

Prospective holders are urged to consult with their tax advisor to determine the particular inheritance or gift tax consequences in light of their particular circumstances.

Other taxes

The purchase, sale or other disposal of Notes does not give rise to capital transfer tax, value added tax, stamp duties or similar taxes or charges in Germany. However, under certain circumstances entrepreneurs may elect to pay value added tax with regard to the sales of Notes to other entrepreneurs which would otherwise be tax exempt. Net wealth tax (*Vermögensteuer*) is, at present, not levied in Germany.

French Taxation

The following is a summary limited to certain withholding tax considerations in France that may be relevant to holders or beneficial owners of Notes issued under the Programme who do not currently hold shares of the Issuers. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes.

EU Savings Directive

The EU Savings Directive was implemented into French law under Article 242 *ter* of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Withholding tax

Payments of interest and other revenues made by CRH Finance SAS with respect to the Notes issued by it are not subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts*, unless such payments are made outside France in a non-cooperative State or territory (*État ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**), in which case a 75 per cent. withholding tax is applicable, subject to certain exceptions and to the more favorable provisions of any applicable double tax treaty.

Furthermore, interest and other revenues on such Notes are not deductible from CRH Finance SAS' taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 30 per cent. or 75 per cent.

Notwithstanding the foregoing, neither the 75 per cent. withholding tax nor the non-deductibility will apply in respect of a particular issue of Notes by CRH Finance SAS if CRH Finance SAS can prove that the principal purpose and effect of such issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the Bulletin officiel des Finances Publiques – Impôts BOI-INT-DG-20-50-20120912, BOI - ANNX – 000364 – 20120912 and BOI – ANNX – 000366 -20120912, an issue of Notes by CRH Finance SAS will benefit from the Exception without CRH Finance SAS having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer other than in a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Besides, pursuant to Article 9 of the 2013 French Finance Law (*loi n°2012-1509 du 29 décembre 2012 de finances pour 2013*) subject to certain limited exceptions, interest and similar revenues received from 1 January 2013 by individuals fiscally domiciled in France is subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5 per cent. on interest and similar revenues paid to individuals fiscally domiciled in France.

Finnish Taxation

Introduction

The following summary is based on the tax laws of Finland as in effect on the date of this Base Prospectus, and is subject to changes in Finnish law, including changes that could have a retroactive effect. The following summary does not purport to be a comprehensive description of all Finnish tax law considerations that could be relevant for holders of the Notes and does not take into account or discuss the tax laws of any country other than Finland. This summary addresses neither Finnish gift nor inheritance tax consequences. Prospective investors are advised to consult their own professional tax advisors as to the tax consequences relating to investments in the Notes.

Withholding Tax

All payments made by CRH Finance, CRH Finance UK, CRH Funding B.V., CRH Finance Germany GmbH, CRH Finance SAS and CRH Finance Switzerland AG under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied withheld or assessed by Finland.

All payments made by CRH Finland Services Oyj under the Notes to other than Finnish resident individuals may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied withheld or assessed by Finland.

Finnish Resident Individuals

If the recipient of interest paid on the Notes is a resident individual or an undistributed estate of a deceased Finnish resident, such interest is subject to advance withholding tax in accordance with the Finnish Withholding Tax Act (20.12.1996/1118, as amended) and final taxation as capital income in accordance with the Finnish Income Tax Act (30.12.1992/1535, as amended) (the **Finnish Income Tax Act**). The current withholding tax rate is 30 per cent. The advance tax withheld by the Company is credited against the final tax payable by the recipient of interest paid on the Notes. The final capital income tax rate is 30 per cent (32 per cent of the capital income exceeding EUR 50,000).

If the Notes qualify as bonds under section 34 of the Act on Promissory Notes (622/1947) and are offered for subscription by members of the public and if the exemptions from the requirement to draft a prospectus on the Notes as provided in the Finnish Securities Markets Act (746/2012, as amended) (the **Finnish Securities Markets Act**) are not applicable because the offer is (i) not restricted to qualified investors only as defined in the Finnish Securities Markets Act, (ii) made to more than 149 investors that are not qualified investors in Finland, or (iii) the Notes are offered for a consideration of less than EUR 100,000 per investor and for each separate offer or in denomination of less than EUR 100,000 per unit, the Finnish Act on Source Tax on Interest Income (28.12.1990/1314, as amended) is applicable to the Notes and a final tax on the income. The current withholding tax rate is 30 per cent.

If the Notes are disposed of during the loan period, any capital gain received is taxed as capital income at a flat rate of 30 per cent (32 per cent of the capital income exceeding EUR 50,000). A capital loss is deductible from the resident individual's capital gains arising in the same year and during the following five calendar years.

Eventual interests, capital gains or losses shall be reported in the annual tax return.

Finnish Resident Corporations

If the recipient of interest paid on the Notes is a corporation residing in Finland as further defined in the Finnish Income Tax Act, such interest is not subject to any preliminary withholding. The interest is

subject to final taxation of the recipient in accordance with the Finnish Business Income Tax Act (24.6.1968/360, as amended) (the **Finnish Business Income Tax Act**). The current rate of corporate income tax is 24.5 per cent.

Capital gains are currently taxed at a flat rate of 24.5 per cent. Generally, a capital loss is deductible from the resident corporations' income arising in the same year and during the following ten fiscal years.

Eventual interests, capital gains or losses shall be reported in the annual tax return.

Non-Residents

Non-residents are not subject to taxation in Finland under the Notes.

The interest paid to an individual or a corporation not residing in Finland may be subject to tax regulations in their state of residence.

Transfer Tax

Generally the transfer tax amounting 1.6 per cent is payable on transfers or sales of the securities. However, the Notes are not classified as securities within the meaning of Finnish Transfer Tax Act (29.11.1996/931, as amended) (the **Finnish Transfer Tax Act**) and, thus, transfer tax is not payable, provided that the yield of the Note is not determined by the profit of the Issuer or by the amount of dividend or otherwise entitles to the share of annual profit or surplus of the Issuer.

No transfer tax is payable in Finland on transfers or sales of the securities admitted to trading on the regulated market or other multi-lateral trading facility.

Swiss taxation

The following is a general discussion of certain tax consequences under the tax laws of Switzerland of the acquisition and ownership of Notes exclusively in the form of Fixed Rate Notes, Floating Rate Notes and Zero Coupon Notes.

This discussion does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Notes. As each Tranche of Notes may be subject to a different tax treatment due to the specific terms of such Tranche of Notes as set out in the respective Final Terms, the following section only provides some very general information on the possible tax treatment. In particular, this discussion does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the laws of Switzerland currently in force and as applied on the date of this Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

Prospective purchasers of the Notes are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposition of the Notes including the effect of any state or local taxes, under the tax laws applicable in Switzerland and each country of which they are residents.

Swiss Withholding Tax

Notes issued by CRH Switzerland: The Notes issued by CRH Switzerland and any payments made in respect of such Notes are subject to Swiss withholding tax (*Verrechnungssteuer*), which is currently levied at a rate of 35 per cent. If the respective requirements are met, the holder of Notes residing in Switzerland or a foreign resident company who holds Notes through a Swiss permanent establishment is entitled to a full refund or tax credit for the Swiss withholding tax whereas a holder of Notes who is not resident in Switzerland may be entitled to claim a full or partial refund of the Swiss

withholding tax by virtue of the provisions of an applicable double taxation treaty, if any, concluded between Switzerland and the country of residence of such holder.

Notes issued by a non-Swiss Issuer: Except for the agreement between Switzerland and the European Union as described above under the caption “*Taxation – EU Savings Directive*” and certain other agreements described below, Notes issued by an Issuer other than CRH Switzerland (or any other Swiss issuer) are currently not subject to Swiss withholding tax (*Verrechnungssteuer*). If a Swiss withholding tax or similar legislation were enacted and a payment in respect of the Notes were to be made or collected through Switzerland and an amount of, or in respect of, Swiss withholding tax were to be deducted or withheld from that payment, neither the Issuer, the Guarantor nor any paying agent nor any other person would pursuant be obliged to pay additional amounts with respect to any Note as a result of the deduction or imposition of such withholding tax, unless otherwise specified in the applicable Final Terms.

Final Withholding Tax (UK and Austria)

Switzerland has recently entered into treaties with the United Kingdom and Austria providing, inter alia, for a final withholding tax. The treaties have entered into force on January 1, 2013 and might be followed by similar treaties with other European countries. According to the treaties, a Swiss paying agent may levy a final withholding tax on capital gains and on certain income items deriving, inter alia, from Notes. The final withholding tax will substitute the ordinary income tax due by an individual resident of a contracting state on such gains and income items. In lieu of the final withholding, individuals may opt for a voluntary disclosure of the relevant capital gains and income items to the tax authorities of their state of residency. The treaties provide for a carve-out for interest payments to the extent such interest payments are subject to the European Savings Tax for Swiss paying agents.

Swiss Issue Stamp Tax and Swiss Securities Transfer Stamp Tax

The issuance of the Notes are not subject to Swiss issue stamp tax (*Emissionsabgabe*) and Swiss securities transfer stamp tax (*Umsatzabgabe*).

The purchase or sale of the Notes, whether by Swiss resident or non-Swiss resident investors is, however, subject to Swiss securities transfer stamp tax (*Umsatzabgabe*) at a current rate of up to 0.30 per cent. calculated on the purchase price or sales proceeds if a Swiss securities dealer for purposes of Swiss securities transfer stamp tax (*Umsatzabgabe*), in particular a Swiss or Liechtenstein bank, is involved as party or an intermediary to the transaction and no exemption applies.

Swiss Income Tax on Principal or Interest

Under current Swiss law, individuals resident in Switzerland who hold Notes in their private wealth and who receive payments of interest on Notes are required to include such payments in their personal income tax return and will be taxable on any net taxable income (including the payments of interest on the Notes) for the relevant tax period.

Swiss-resident individual taxpayers who hold Notes as part of Swiss business assets (including individuals, who for income tax purposes, are classified as “professional securities dealers” for reasons of, inter alia, frequent dealing and leveraged investments in securities) and Swiss-resident corporate taxpayers and corporate taxpayers resident abroad holding Notes as part of a Swiss permanent establishment or a fixed place of business in Switzerland, are required to recognise the payments of interest on Notes in their income statement for the respective tax period and will be taxable on any net taxable earnings for such period.

Payments of interest and repayment of principal to a holder of Notes who is a non-resident of Switzerland and who, during the current taxation year, has not engaged in trade or business through a permanent establishment or fixed place within Switzerland to which the Notes are attributable and

who is not subject to income taxation in Switzerland for any other reason, will not be subject to any Swiss federal, cantonal or communal income tax.

Income Tax on Gains on Sales or Redemption

Under current Swiss law, holders of Notes residing in Switzerland and who hold the Notes as private assets and who sell or otherwise dispose of the Notes during the taxation year realise, in general, either a tax-free capital gain or a tax-neutral capital loss, unless the Notes are Zero Coupon Notes. A net-gain arising from the sale of Zero Coupon Notes for a holder of Notes residing in Switzerland and who has held the Zero Coupon Notes as private assets must be included in the personal income tax return and will be taxable on any net taxable income. Net-losses and net-gains arising from the sale of Zero Coupon Notes can be off-set, provided they arise in the same tax period.

Swiss-resident individual taxpayers holding Notes as part of Swiss business assets and Swiss-resident corporate taxpayers and corporate taxpayers resident abroad holding Notes as part of a Swiss permanent establishment or a fixed place of business within Switzerland are required to recognise capital gains or losses realised on the sale of Notes in their income statement for the respective tax period and will be taxable on any net taxable earnings for such period. The same taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as “professional securities dealers” for reasons of, inter alia, frequent dealing and leveraged investments in securities.

A holder of Notes who is not resident in Switzerland and who, during the taxation year, is not engaged in trade or business through a permanent establishment or fixed place of business within Switzerland to which the Notes are attributable and who is not subject to income taxation in Switzerland for any other reason will not be subject to any Swiss federal, cantonal or communal income tax on gains realised during that year on the sale or redemption of Notes.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the Savings Directive), EU Member States are required to provide to the tax authorities of another EU Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to (or for the benefit of) an individual resident, or to certain limited types of entities established, in that other EU Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments, subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other similar income may request that no tax be withheld (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). The Luxembourg government has announced its intention to elect out of the withholding system in favour of an automatic exchange of information with effect from 1 January 2015. A number of non-EU countries and territories, including Switzerland, have adopted similar measures (a withholding system in the case of Switzerland).

On 26 October 2004, the European Community and Switzerland entered into an agreement on the taxation of savings income by way of a withholding tax system and voluntary declaration in the case of transactions between parties in the EU member states and Switzerland.

On the basis of such agreement between the European Community and Switzerland, Switzerland has introduced a withholding tax on interest payments or other similar income paid by a paying agent within Switzerland to EU resident individuals as of 1 July 2005. The withholding tax is to be withheld at a rate 35 per cent. The beneficial owner of the interest payments may be entitled to a tax credit or refund of the withholding if certain conditions are met.

The European Commission has proposed certain amendments to the Savings Directive which may, if implemented, amend or broaden the scope of the requirements described above.

The proposed Financial Transactions Tax (FTT)

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated programme agreement (as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated 22 July 2013, agreed with the Issuers and the Guarantor a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and “*Terms and Conditions of the Notes*”. In the Programme Agreement, each Issuer (failing which, the Guarantor) has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
 - (b) at any time to fewer than 100 or, if the relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
 - (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,
- provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression an **offer of Notes to the public** in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State;
- the expression **Prospectus Directive** means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State; and

Listing of Notes

The Base Prospectus has been approved by the Central Bank as competent authority under the Prospectus Directive.
